Stagecraft Overview

Content Area: Theatre
Course(s): STAGECRAFT

Time Period:

Length: N/A
Status: Published

Course Overview

In this semester course, students will explore all the major elements of stagecraft including set design and construction, lighting design, sound engineering, and stage management. Practical experience will be gained in developing and implementing technical plans for high school performances. This course requires some afterschool work on sets, lighting, sound, and costumes.

VPA.1.1.12.A.1	Articulate understanding of choreographic structures or forms (e.g., palindrome, theme and variation, rondo, retrograde, inversion, narrative, and accumulation) in master works of dance.						
VPA.1.1.12.A.2	Categorize the elements, principles, and choreographic structures of dance masterworks.						
VPA.1.1.12.A.3	Analyze issues of gender, ethnicity, socio-economic status, politics, age, and physical conditioning in relation to dance performances.						
VPA.1.2.12.A.1	Determine how dance, music, theatre, and visual art have influenced world cultures throughout history.						
VPA.1.2.12.A.2	Justify the impact of innovations in the arts (e.g., the availability of music online) on societal norms and habits of mind in various historical eras.						
VPA.1.3.12.C.1	Create plays that include well-structured plots and subplots, clear thematic intent, original characters, and technical theatrical elements appropriate to a variety of theatrical genres.						
VPA.1.3.12.C.2	Create and evaluate performances by citing evidence of specific physical choices, sustained vocal technique, and clearly motivated actions.						
VPA.1.3.12.D.1	Synthesize the elements of art and principles of design in an original portfolio of two- and three-dimensional artworks that reflects personal style and a high degree of technical proficiency and expressivity.						
VPA.1.4.12.A.1	Use contextual clues to differentiate between unique and common properties and to discern the cultural implications of works of dance, music, theatre, and visual art.						
VPA.1.4.12.A.2	Speculate on the artist's intent, using discipline-specific arts terminology and citing embedded clues to substantiate the hypothesis.						
VPA.1.4.12.A.3	Develop informed personal responses to an assortment of artworks across the four arts disciplines (dance, music, theatre, and visual art), using historical significance, craftsmanship, cultural context, and originality as criteria for assigning value to the works.						
VPA.1.4.12.A.4	Evaluate how exposure to various cultures influences individual, emotional, intellectual, and kinesthetic responses to artwork.						
TECH.8.1.12.A.1	Create a personal digital portfolio which reflects personal and academic interests, achievements, and career aspirations by using a variety of digital tools and resources.						

Grading and Evaluation GuidelinesGRADING PROCEDURES

Marking period grades will be based on the average of:

- Class participation
- Practical assessments
 - o In class projects
 - o Participation after school
- Written assignments / designs
- Tests and quizzes

- Research designs
- Design critiques
 - o Self critique
 - o Critique of others

In terms of proficiency level the East Brunswick grades equate to:

A	Excellent	Advanced Proficient
В	Good	Above Proficient
C	Fair	Proficient
D	Poor	Minimally proficient
F	Failing	Partially Proficient

COURSE EVALUATION

In Stagecraft the goal is that a minimum of 95% of all pupils will achieve at least minimum proficiency (D or better) relative to the NJSLS set for this course. The department will review student achievement at all levels of proficiency relative to marking period grades, and if necessary, the individual components and assignments comprising these grades. Student achievement will further be analyzed to compare the achievement of the total enrollment vs. sub-groups to determine course areas requiring greater support or modification. As a result of the analysis, decisions will be made concerning modifications to course content and/or instructional methodology.
