Grading and Evaluation Guidelines

GRADING PROCEDURES

Assessment is determined by evaluating three area of student involvement: production, perception/reflection, and approach to work.

Production is evaluated by looking at drafts and final work. Factors to be considered are:

- Craftsmanship- student is in basic control of basic techniques and principles
- Pursuit- student develops work over time, returns to a problem or theme from a variety of angles
- Invention- Student solves problem in a creative manner, experiments and takes risks, sets own problem to solve.
- Expression/Point of view- Student is engaged in more than technique, but also trying to make a personal statement.

Perception/Reflection is determined from student comments in critique sessions, class discussion or other activities. Factors considered are:

- Awareness of physical properties and qualities of materials
- Ability to assess own work and work of others
- Ability to use criticisms and suggestions
- Ability to articulate artistic goals

Approach to work is assessed by observing student in classroom interaction and is based upon:

- Engagement- works hard and shows interest
- Ability to work independently and collaboratively as appropriate
- Ability to use cultural resources- uses books, museums, tools, other people as appropriate.

In terms of proficiency level the East Brunswick grades equate to:

A	Excellent	Advanced Proficient
B	Good	Above Proficient
C	Fair	Proficient
D	Poor	Minimally proficient
F	Failing	Partially Proficient

COURSE EVALUATION

In Honors Studio Art, the goal is that a minimum of 95% of all pupils will achieve at least minimum proficiency (D or better) relative to the NJSLs set for this course. The department will review student achievement at all levels of proficiency relative to marking period grades, and if necessary, the individual components and assignments comprising these grades. Student achievement will further be analyzed to compare the achievement of the total enrollment vs. sub-groups to determine course areas requiring greater support or modification. As a result of the analysis, decisions will be made concerning modifications to course content and/or instructional methodology.
