## Course Overview

---

Sports and Literature will channel the passion that many high school students have for sports and use it to develop them into strong readers (of mainly non-fiction texts) and strong writers (of mainly analytic essays). The broad and complex role of sports in contemporary America provides a common intellectual ground for students of different grades, interests and ability levels. Likewise, they will become better readers through exposure to challenging texts of various lengths and better writers through constant exposure to several of the rhetorical modes (such as narration, definition, comparison and process analysis).

## Grading and Evaluation Guidelines

### GRADING PROCEDURES

Marking period grades are determined by dividing the total number of points earned by the total number of potential points. More intense and involved assessments are worth more points and therefore have a greater effect on a student’s grade. Formal and informal writing assignments, responses to text and reading quizzes are frequently assigned.

The department's goal for every course is that a minimum of 95% of the pupils will meet at least the minimum proficiency level (D or better) set for the course. The department will analyze the achievement of students on Unit Assessments, Mid-term and Final Exams and Final Course Grades, and for Final Course Grades the achievement of sub-groups identified by the state to determine if modifications in the curriculum and instructional methods are needed.

In terms of proficiency level the East Brunswick grades equate to:

A	Excellent	Advanced Proficient
B	Good	Above Average Proficient
C	Fair	Proficient
D	Poor	Minimally proficient
F	Failing	Partially Proficient
