#### **COURSE DESCRIPTION**

General requirements. This course is recommended for students in Grades 11-12.

Required Prerequisite Courses: Culinary Arts 1 and Culinary Arts 2

Recommended prerequisite: Culinary Essentials from Churchill Junior High.

Recommended Electives for Program Enhancement: Food for Fitness, Food Science and Nutrition, Everyday Foods.

Culinary Arts 3 is a semester course offered to students grades 11-12. This course meets five days a week for 42 minutes. Culinary Arts 3 is designed to advance previously developed culinary skills and align them to current industry standards. Through learning experiences that combines classroom instruction with culinary labs, students will learn to apply their knowledge and skills to be successful in industry related fields. Students will also be exposed to fine dining, continue their exploration of ethnic flavor profiles while being urged to think outside of basic recipes to cook and bake creatively, develop original dishes and menus, and follow current food trends and career pathways.

Students are encouraged to participate in extended learning experiences such as career and technical student organizations, such as FCCLA, and other leadership or extracurricular organizations.

# **Grading and Evaluation Guidelines**

# **GRADING PROCEDURES**

In terms of proficiency level the East Brunswick grades equate to:

- A Excellent Advanced Proficient
- B Good Above Average Proficient
- C Fair Proficient
- D Poor Minimally proficient
- F Failing Partially Proficient

# **COURSE EVALUATION**

Each quarter students will be evaluated with tests and programming assignments using a total point basis to determine the quarter average. The semester/course average will be a weighted average of the 2 quarter averages (40% each) and a final exam (20%); in a full year course, each quarter is worth 20% of a student's

final grade and each exam (midterm & final) is worth 10% of the student's final grade.

Course achievement will be evaluated based on the percent of all pupils who achieve the minimum level of proficiency (final average grade) in the course. Student achievement levels above minimum proficiency will also be reported. Final grades, and where relevant mid-term and final exams, will be analyzed by staff for the total cohort and for sub-groups of students to determine course areas requiring greater support or modification.)

Labs 50%

Class Assignments/Projects 20%

Quizzes and Tests 20%

Participation and Professionalism 10%
