Barbara Reiss

Chad Seyler

Meredith Shaw

Course Adoption: 1/5/2006

Curriculum Adoption: 1/5/2006

Date of Last Revision Adoption: 9/1/2017

### **COURSE DESCRIPTION**

Through various interactive and cross-departmental methods of instruction, our students will develop skills and strategies for dealing with the challenges and opportunities in education beyond high school graduation. Students will learn to be proactive in their chosen path and how to use the resources available to them to be successful in post-secondary school.

### COURSE SCOPE AND SEQUENCE

COURSE SCOPE AND SEQUENCE				
Sequential Unit Description	Other Pacing Guide References	Proficiency (Summative) Assessments		
Unit 1 Introduction				
Why continue education	3 days	Formative only		
• Education forumIntroduction		-

CRP.K-12.CRP11	Use technology to enhance productivity.
CRP.K-12.CRP12	Work productively in teams while using cultural global competence.

# **Grading and Evaluation Guidelines**

# **GRADING PROCEDURES**

In terms of proficiency level the East Brunswick grades equate to:

- A Excellent Advanced Proficient
- B Good Above Average Proficient
- C Fair Proficient
- D Poor Minimally proficient
- F Failing Partially Proficient

### **COURSE EVALUATION**

Each quarter students will be evaluated with tests and programming assignments using a total point basis to determine the quarter average. The semester/course average will be a weighted average of the 2 quarter averages (40% each) and a final exam (20%); in a full year course, each quarter is worth 20% of a student's final grade and each exam (midterm & final) is worth 10% of the student's final grade.

Course achievement will be evaluated based on the percent of all pupils who achieve the minimum level of proficiency (final average grade) in the course. Student achievement levels above minimum proficiency will also be reported. Final grades, and where relevant mid-term and final exams, will be analyzed by staff for the total cohort and for sub-groups of students to determine course areas requiring greater support or modification.

Projects- 50%

Class work- 40%

Homework- 10%

### **Other Details**

### 22106 Seminar

Seminar courses vary widely, but typically offer a small peer group the opportunity to investigate areas of interest. Course objectives may include improvement of research and investigatory skills, presentation skills, interpersonal skills, group process skills, and problem-solving and critical thinking skills. Seminars aimed at juniors and seniors often include a college and career exploration and planning component.
