Grading and Evaluation Guidelines

GRADING PROCEDURES

In terms of proficiency level the East Brunswick grades equate to:

- A Excellent - Advanced Proficient
- B Good Above Average - Proficient
- C Fair - Proficient
- D Poor - Minimally proficient
- F Failing - Partially Proficient

In Law and Society the goal is that a minimum of 95% of the pupils will meet at least the minimum proficiency level (D or better) set for the course. The department will analyze the achievement of students on Unit Assessments, and Final Exams and Final Course Grades, and for Final Course Grades the achievement of subgroups identified by the state to determine if modifications in the curriculum and instructional methods are needed.

Each quarter students will be evaluated with tests and programming assignments using a total point basis to determine the quarter average. The semester/course average will be a weighted average of the 2 quarter averages (40% each) and a final exam (20%)

Course achievement will be evaluated based on the percent of all pupils who achieve the minimum level of proficiency (final average grade) in the course. Student achievement levels above minimum proficiency will also be reported. Final grades, and where relevant mid-term and final exams, will be analyzed by staff for the total cohort and for sub-groups of students to determine course areas requiring greater support or modification.)

Marking period grades will be based on the average of unit grades and any special cross-unit projects.

Unit assessments, delineated for each unit, will include such measures as:

- Written and Performance Measures of proficiency objectives (coded to NJSLs)
- Records of oral participation in classroom discussions related to unit objectives
- Records of achievement of lesson objectives (i.e. formative assessments, relevant homework)
