Course Overview

French for Business Honors is intended to introduce and develop knowledge of business practices in the French-speaking world, in order to familiarize students to the customs relevant to business in these countries. Students will also be exposed to authentic materials and situations with emphasis on Intermediate-Mid level comprehension, communication, cultural awareness and content reading and interpretation. In addition, students will acquire and develop their understanding of basic economic principles. Vocabulary development continues to be emphasized. Written skills in the target language will begin to receive a greater emphasis. By the end of this level students will have a broad range of comprehension and socio-linguistic strategies which they will be able to utilize to interact within the French-speaking business world. They will also begin to acquire a deeper understanding of the target culture. The Standard of World Languages, which addresses communication, culture, connections, comparisons and communities, is integrated into instruction. Each thematic unit addresses all modes of communication set forth by the NJ State Student Learning Standards for World Languages. The course also reinforces and contributes to the development of other standards in the areas of Career Readiness, Life Literacies, and Key Skills, Computer Science and Design Thinking, Visual and Performing Arts, Language Arts Literacy, and Social Studies.

Grading Procedures and Evaluation

GRADING GUIDELINES

In accordance with Board policy, grades are assigned each quarter. A final grade is determined and transcribed for courses at grades 6 – 12. In terms of proficiency the East Brunswick grades are as follows:

A	Excellent	Advanced Proficient
B	Good	Above Average Proficient
C	Fair	Proficient
D	Poor	Minimally Proficient
F	Failing	Partially Proficient

Grades will be determined by a variety of assessment strategies. In addition to interpretive, interpersonal and presentational performance assessments, students will be evaluated on cooperative group participation, note-taking, open-ended question responses, interpersonal conversations, ePortfolios and/or supplemental projects.

Grading Weights for Quarter Grades

10% Homework

10% Classwork/Participation

30% Presentational and interpersonal speaking

50% Interpretive and presentational writing

Final grades are weighted as follows:

Each quarter is 20% of the final grade. The midterm is 10% of the final grade, and the final exam is 10 % of the final grade.

Midterm exam grades are averaged into the second marking period and final exam grades are averaged into the fourth marking period. The final grade for the course is the average of the four marking period grades.

COURSE EVALUATION

Course achievement will be evaluated annually. In this course the goal is that a minimum of 95% of the pupils will meet at least the minimum proficiency level (D or better) set for the course. The department will analyze the achievement of students on unit assessments and final course grades and for final course grades the achievement of sub-groups identified by the state to determine if modifications in the curriculum and instructional methods are needed.
