Course Overview

English 8 Honors provides instruction and activities at a faster pace and with increased depth. In this course, organized by literary genre, students explore short and full-length works. Students develop skills in literary analysis, especially in recognizing the characteristics of each genre and the effects of those characteristics on the works studied. Reflecting a variety of writing modes, writing assignments are based on the readings and on students' experiences. Students participate in small and large group discussion. They receive significant instruction in reading, writing, research, and vocabulary skills. This course will prepare students for the state mandated exam, which measures performance relative to the New Jersey Student Learning Standards. Research tasks and independent reading are course requirements.

Grading Procedures and Evaluation

GRADING PROCEDURES

Marking period grades are determined by dividing the total number of points earned by the total number of potential points. More intense and involved assessments are worth more points and therefore have a greater effect on a student's grade. Formal and informal writing assignments, responses to text and reading quizzes are frequently assigned.

The department's goal for every course is that a minimum of 95% of the pupils will meet at least the minimum proficiency level (D or better) set for the course. The department will analyze the achievement of students on Unit Assessments, Mid-term and Final Exams and Final Course Grades, and for Final Course Grades the achievement of sub-groups identified by the state to determine if modifications in the curriculum and instructional methods are needed.

In terms of proficiency level the East Brunswick grades equate to:

A	Excellent	Advanced Proficient
B	Good	Above Average Proficient
C	Fair	Proficient
D	Poor	Minimally proficient
F	Failing	Partially Proficient
