Course Overview

Ninth grade health is a comprehensive program of interrelated components that stress the choices and skills necessary for wellness. The curriculum is designed to begin the lifelong process of choosing and enjoying a healthy lifestyle and assisting students in becoming responsible, sexually healthy adults. Topics to be covered include the functioning and structures of the endocrine system and reproductive system along with changes during adolescence as they relate to childbirth and pregnancy including, teen pregnancy and teen pregnancy options. Various methods of contraception (stressing abstinence), information about sexually transmitted infections; along with dating violence, sexual assault, gender issues and sexual orientation will be discussed and examined as well. Students will acquire accurate and current health information that will assist in the development of healthful attitudes and behaviors using materials geared toward adolescent students not only reaching physical maturity but also assuming responsibility for behavior patterns that affect them throughout a lifetime. This course teaches and reinforces the skills necessary to weigh options and to make responsible and healthy choices. Students are encouraged to assess their attitude and behavior patterns and to understand the impact their lifestyle choices have on their well being and the well being of others.

Any student whose parent or guardian presents to the school a signed statement that any part of instruction in health, family life education or sex education is in conflict with his or her conscience or sincerely held moral or religious beliefs shall be excused from that portion of the course. The student will be given an alternative health project to complete the requirements of the course. More information about this can be found on the district website under Health curriculum.

Unequal Partners 4th Edition-Teaching about Power, Consent and Healthy Relationships The Ryan White Story

Standards

HPE.2.1.12.A.1	Analyze the role of personal responsibility in maintaining and enhancing personal, family,
	community, and global wellness.
HPE.2.1.12.B.1	Determine the relationship of nutrition and physical activity to weight loss, weight gain, and weight maintenance.
HPE.2.1.12.C	Diseases and Health Conditions
HPE.2.1.12.C.1	Determine diseases and health conditions that may occur during one's lifespan and identify prevention and treatment strategies.
HPE.2.1.12.C.2	Develop strategies that will impact local, state, national, and international public health efforts to prevent and control diseases and health conditions.
HPE.2.1.12.C.CS1	Personal health is impacted by family, community, national, and international efforts to prevent and control diseases and health conditions.
HPE.2.1.12.E.1	Predict the short- and long-term consequences of unresolved conflicts.
HPE.2.1.12.E.2	Analyze how new technologies (i.e. social media) may positively or negatively impact the incidence of conflict or crisis.
HPE.2.2.12.A.1	Employ skills for communicating with family, peers, and people from other backgrounds and cultures that may impact the health of oneself and others.
HPE.2.2.12.A.2	Demonstrate strategies to prevent, manage, or resolve interpersonal conflicts.
HPE.2.2.12.A.3	Analyze the impact of technology on interpersonal communication in supporting wellness and a healthy lifestyle.
HPE.2.2.12.A.CS2	Effective communication is the basis for strengthening interpersonal interactions and relationships and resolving conflicts.
HPE.2.2.12.B.1	Predict the short- and long-term consequences of good and poor decision-making on oneself, friends, family, and others.
HPE.2.2.12.B.2	Evaluate the impact of individual and family needs on the development of a personal wellness plan and address identified barriers.
HPE.2.2.12.C.1	Analyze the impact of competition on personal character development.
HPE.2.2.12.C.2	Judge how individual or group adherence, or lack of adherence, to core ethical values impacts the local, state, national, and worldwide community.
HPE.2.2.12.C.3	Analyze current issues facing the disability community and make recommendations to address those issues.
HPE.2.2.12.C.CS2	Core ethical values impact behaviors that influence the health and safety of people everywhere.
HPE.2.2.12.E	Health Services and Information
HPE.2.2.12.E.1	Analyze a variety of health products and services based on cost, availability, accessibility, benefits, and accreditation.
HPE.2.2.12.E.2	Determine the effect of accessibility and affordability of healthcare on family, community, and global health.
HPE.2.2.12.E.CS1	Potential solutions to health issues are dependent on health literacy and available resources.
HPE.2.2.12.E.CS2	Affordability and accessibility of healthcare impacts the prevention, early detection, and

	treatment of health problems.
HPE.2.3.12.A.1	Determine the potential risks and benefits of the use of new or experimental medicines and herbal and medicinal supplements.
HPE.2.3.12.A.2	Summarize the criteria for evaluating the effectiveness of a medicine.
HPE.2.3.12.B.1	Compare and contrast the incidence and impact of commonly abused substances (such as tobacco, alcohol, marijuana, inhalants, anabolic steroids, and other drugs) on individuals and communities in the United States and other countries.
HPE.2.3.12.B.2	Debate the various legal and financial consequences of the use, sale, and possession of illegal substances.
HPE.2.3.12.B.3	Correlate increased alcohol use with challenges that may occur at various life stages.
HPE.2.3.12.B.4	Correlate the use of alcohol and other drugs with incidences of date rape, sexual assault, STIs, and unintended pregnancy.
HPE.2.3.12.B.5	Relate injected drug use to the incidence of diseases such as HIV/AIDS and hepatitis.
HPE.2.4.12.A	Relationships
HPE.2.4.12.A.1	Compare and contrast how family structures, values, rituals, and traditions meet basic human needs worldwide.
HPE.2.4.12.A.2	Compare and contrast the current and historical role of life commitments, such as marriage.
HPE.2.4.12.A.3	Analyze how personal independence, past experience, and social responsibility influence the choice of friends in high school and young adulthood.
HPE.2.4.12.A.4	Predict how relationships may evolve over time, focusing on changes in friendships, family, dating relationships, and lifetime commitments such as marriage.
HPE.2.4.12.A.6	Analyze how various technologies impact the development and maintenance of local and global interpersonal relationships.
HPE.2.4.12.B.1	Predict the possible long-term effects of adolescent sex on future education, on career plans, and on the various dimensions of wellness.
HPE.2.4.12.B.5	Relate preventative healthcare strategies of male/female reproductive systems to the prevention and treatment of disease (e.g., breast/testicular exams, Pap smear, regular STI testing, and HPV vaccine).
HPE.2.4.12.C	Pregnancy and Parenting
HPE.2.4.12.C.4	Determine the impact of physical, social, emotional, cultural, religious, ethical, and legal issues on elective pregnancy termination.
HPE.2.4.12.C.6	Compare the legal rights and responsibilities of adolescents with those of adults regarding pregnancy, abortion, and parenting.
HPE.2.4.12.C.7	Analyze factors that affect the decision to become a parent.

Grading and Evaluation Guidelines

GRADING PROCEDURES

In terms of proficiency level the East Brunswick grades equate to

A Excellent Advanced Proficient

B Good Above Average Proficient

C Fair Proficient

D Poor Minimally proficientF Failing Partially Proficient

Grading Procedures – Health Education

- The final quarter course proficiency grade will be calculated as follows:
 - Homework-10%
 - Classwork/Participation-30%
 - Quizzes/Notebook Checks-30%
 - Unit Tests/Projects-30%

Other Details

Topics covered within Health Education courses may vary widely, but typically include sexual health (reproductive systems, contraception/abstinence, STIs, HIV and additional family life content that include relationships, gender roles, pregnancy, childbirth) and consumer health issues. The courses may also include brief studies of environmental health, personal development, and/or community resources.
