Grading Procedures and Evaluation

GRADING GUIDELINES

In accordance with Board policy, grades are assigned each quarter. A final grade is determined and transcribed for courses at grades 6 – 12. In terms of proficiency the East Brunswick grades are as follows:

A	Excellent	Advanced Proficient
B	Good	Above Average Proficient
C	Fair	Proficient
D	Poor	Minimally Proficient
F	Failing	Partially Proficient

Grades will be determined by a variety of assessment strategies. In addition to interpretive, interpersonal and presentational performance assessments, students will be evaluated on cooperative group participation, note-taking, open-ended question responses, interpersonal conversations, ePortfolios and/or supplemental projects.

Grading Weights for Quarter Grades

100% Classwork/Participation

Final grades are weighted as follows:

Each quarter is 20% of the final grade. The midterm is 10% of the final grade, and the final exam is 10 % of the final grade.

Midterm exam grades are averaged into the second marking period and final exam grades are averaged into the fourth marking period. The final grade for the course is the average of the four marking period grades.

COURSE EVALUATION

Course achievement will be evaluated annually. In this course the goal is that a minimum of 95% of the pupils will meet at least the minimum proficiency level (D or better) set for the course. The department will analyze the achievement of students on unit assessments and final course grades and for final course grades the achievement of sub-groups identified by the state to determine if modifications in the curriculum and instructional methods are needed.
