Course Overview

COURSE DESCRIPTION

The Family and Consumer Sciences Elective will present students with exploratory experiences designed to meet the New Jersey Core Curriculum Standards and allow them to grow as individuals with practical experience. Areas of study will include Introspection of oneself and Cooperative Learning, Financial Literacy, Culinary Arts, Nutrition and Wellness, Human Development and Child/Elder Care, Textiles/Clothing Design, and Career Development. Hands-on experiences will allow students to develop a sense of self, learn to relate to others, become more independent in thinking and problem solving, and learn to manage a variety of resources from budgets to food and clothing.

- Online resources related to careers
- Kitchens and appliances

Standards

CRP.K-12.CRP1.1

Career-ready individuals understand the obligations and responsibilities of being a member of a community, and they demonstrate this understanding every day through their interactions with others. They are conscientious of the impacts of their decisions on others and the environment around them. They think about the near-term and long-term consequences of their actions and seek to act in ways that contribute to the betterment of their teams, families, community and workplace. They are reliable and consistent in going beyond the minimum expectation and in participating in activities that serve the greater good.

CRP.K-12.CRP3.1

Career-ready individuals understand the relationship between personal health, workplace performance and personal well-being; they act on that understanding to regularly practice healthy diet, exercise and mental health activities. Career-ready individuals also take regular action to contribute to their personal financial well-being, understanding that personal financial security provides the peace of mind required to contribute more fully to

	their own career success.
HPE.2.1.6.A.1	Explain how health data can be used to assess and improve each dimension of personal wellness.
HPE.2.1.6.A.2	Relate how personal lifestyle habits, environment, and heredity influence growth and development in each life stage.
HPE.2.1.6.A.3	Determine factors that influence the purchase of healthcare products and use of personal hygiene practices.
HPE.2.1.6.B.2	Summarize the benefits and risks associated with nutritional choices, based on eating patterns.
HPE.2.1.6.B.3	Create a daily balanced nutritional meal plan based on nutritional content, value, calories, and cost.
HPE.2.1.6.B.4	Compare and contrast nutritional information on similar food products in order to make informed choices.
HPE.2.1.6.E.CS3	Stress management skills impact an individual's ability to cope with different types of emotional situations.
HPE.2.2.6.C.2	Predict situations that may challenge an individual's core ethical values.
HPE.2.2.6.C.3	Develop ways to proactively include peers with disabilities at home, at school, and in community activities.

Grading and Evaluation Guidelines

GRADING PROCEDURES

The final course proficiency grade will be based on students' performance throughout the course based on the identified New Jersey Core Content Standards for career and technical education and consumer, family and life skills. Students' individual grades will be based on performance in six units of instruction: Self Concept/Awareness, Human Development, Housekeeping, Finance Literacy, Food/Nutrition and Textiles/Sewing.

Tests/Quizzes	35%
Projects	25%
Performance	10%
