Course Overview

SCED

58034 Physical Education (grade 4)

Physical Education (grade 4) courses typically involve the acquisition of knowledge and skills that provide the foundation for sport, a physically active lifestyle, and social development through physical activity. Locomotor skills, strength, endurance, flexibility, safety, and rules and conventions of games and sports are often the focus; health education topics may also be included. Specific content depends upon state standards for grade 4.

COURSE DESCRIPTION Physical Education in grade 4 places an emphasis on the development of basic body movement, locomotor skills and rhythmics. The course emphasizes students to develop skills in sportsmanship and fair play, fundamental skills and techniques along with good body mechanics. Students are tested for their physical fitness and they are introduced to personal forms of conditioning and body development to practice and enjoy both in school activities and at home. During this course students are expected to demonstrate mastery/proficiency of all NJSLS CPI's from 2.1.4.A through 2.1.4.B, 2.2.4.A through 2.2.4.C, 2.5.4.A through 2.5.4.C and 2.6.A The course also reinforces the learning of other Standards and CPI's already mastered and contributes to the development of mastery of other standards in the areas of Language Arts Literacy, Mathematics, Science and Technology Literacy.

EVALUATIVE CRITERIA OF INDIVIDUAL TEACHING UNITS

- 1. Units should be evaluated using three general areas: ACQUISITION APPLICATION EVALUATION
 - 1. ACQUISITION includes the learning of skills, drills and comprehension.
 - 2. APPLICATION is the students' utilization of those items in the acquisition portion.
 - 3. EVALUATION is the grading of the degree of successful accomplishment of the acquisition and application.

Grade 4

10% Cognitive and affective oral/written tests (mental comprehension & understanding)

30% Psychomotor acquisition of skills (physical)

0% Fitness

60% Teacher professional evaluation (participation, effort, sportsmanship)

- 1. Students should be evaluated on a daily basis.
- 2. Roll book notations could include a legend that designates grading system as well as numerical designations, etc.
