Course Overview

This **Grade 5 Spanish** curriculum is designed to enable language learners to meet the Novice-Low/Novice-Mid level of proficiency as defined by the American Council on the Teaching of Foreign Languages (ACTFL) and the New Jersey World Language Student Learning Standards. It is designed to move students along the proficiency continuum from Novice-Low to Novice-Mid. Teachers use the ACTFL rubrics for proficiency assessment. Students will demonstrate, through multiple forms of assessments, their ability to communicate in the target language within the novice range in the interpretive, interpersonal and presentational modes of communication.

The Standard of World Languages, which addresses communication, culture, connections, comparisons and communities, is integrated into instruction. Each thematic unit addresses all modes of communication set forth by the NJ State Student Learning Standards for World Languages. The course also reinforces and contributes to the development of other standards in the areas of Career Readiness, Life Literacies, and Key Skills, Computer Science and Design Thinking, Visual and Performing Arts, Language Arts Literacy, and Social Studies.

GRADING GUIDELINES

Students will meet the Novice-Mid language proficiency on the themes, topics and essential questions taught this year. Teachers will use district rubrics to assess students. These rubrics are tied to both the New Jersey Student Learning Standards and the ACTFL* World-Readiness Standards for Learning Languages. Students will receive one grade on the report card for the following:

- Listens and responds effectively

The grades are:

- Special Commendation
- Steady Progress
- Needs Improvement

COURSE EVALUATION Course achievement will be evaluated annually. In this course the goal is that a minimum of 95% of the pupils will meet at least the minimum proficiency level (D or better) set for the course. The department will analyze the achievement of students on unit assessments and final course grades and for final course grades the achievement of sub-groups identified by the state to determine if modifications in the curriculum and instructional methods are needed.
