Course Pacing Guide

Mission Statement: World Language

The Haddonfield Middle School World Language program offers students a doorway to other cultures through the study of French, German, or Spanish. In grades 6 and 7 we seek to create global learners who are encouraged to discover their voice through a second language. Students will develop interpersonal skills in a nurturing environment that fosters creativity, community and conversation. Our World Language program supports literacy, as well as cultural awareness by facilitating an understanding as well as an appreciation of others.

The skills acquired in grades 6 and 7 become the foundation for the 8th grade program. In grade 8, students will transition into the first level of their World Language. French I, German I, and Spanish I begins the student’s formal language study, Students will interact and negotiate meaning with their peers to understand and analyze oral, written, or authentic texts and to create culturally appropriate oral and written products and presentations for a specific audience. The goal of the 8th grade World Language sequence prepares students for entry into level II of World Language at the secondary level.

Vision

The World Language Program offers comprehensive world language instruction at all levels in a communicative and thematic approach to learning, in order to increase the capacity of students’ language acquisition throughout the course of their academic careers
