Unit Overview

Students will prepare for dance concert, learnig how to function as a professional dance ensemble and perform to their fullest potential. They will assist in all aspects of the show, including lights, costumes, programs, etc.

Enduring Understandings

- Sythesize skills, media, methods and technologies appropriate to creating, performing and presenting dance works.
- Students will have the ability to perform choreography and self correct to improve technique while understanding anatomical principles as it relates to movement and choreography.
- All students will demonstrate an understanding of the elements and principles that govern the creation of works of art in dance, music, theatre, and visual art.
- Individuals who learn to move safely, effectively and efficiently and feel comfortable and confident in the performance of motor skills are more likely to participate in health enhancing forms of physical activity throughout life.

Essential Questions

- Why are proper body mechanics important while moving? How does that visually impact a performance?
- How does creating and performing dance differ from viewing dance?
- What are the steps for creating and executing a successful performance?
- How does an artist's technical proficiency affect the creation or presentation of a work of art? How does the context in which a work is performed or shown impact perceptions of its significance/meaning?

New Jersey Student Learning Standards (No CCS)

HPE.2.5.12.A.2	5.12.A.2 Analyze application of force and motion (weight transfer, power, speed, agility, range of motion) and modify movement to impact performance.		
HPE.2.5.12.A.4	Critique a movement skill/performance and discuss how each part can be made more interesting, creative, efficient, and effective.		
VPA.1.1.12.A.1	Articulate understanding of choreographic structures or forms (e.g., palindrome, theme and variation, rondo, retrograde, inversion, narrative, and accumulation) in master works of dance.		
VPA.1.1.12.A.2	Categorize the elements, principles, and choreographic structures of dance masterworks.		
VPA.1.1.12.A.3	Analyze issues of gender, ethnicity, socio-economic status, politics, age, and physical conditioning in relation to dance performances.		
VPA.1.1.12.A.4	Synthesize knowledge of anatomical principles related to body alignment, body patterning, balance, strength, and coordination in compositions and performances.		
VPA.1.1.12.A.CS2	Acute kinesthetic awareness and mastery of composition are essential for creating and interpreting master works of art.		
VPA.1.1.12.A.CS4	Artistry in dance performance is accomplished through complete integration of anatomical principles and clear direction of intent and purpose.		
VPA.1.3.12.A.1	Integrate and recombine movement vocabulary drawn from a variety of dance genres, using improvisation as a choreographic tool to create solo and ensemble compositions.		
VPA.1.3.12.A.2	Create theme-based solo and ensemble dances that have unity of form and content, conceptual coherence, and aesthetic unity.		
VPA.1.3.12.A.3	Demonstrate dance artistry with technical proficiency, musicality, stylistic nuance, clarity of choreographic intent, and efficiency of movement through the application of proper body mechanics.		
VPA.1.3.12.A.4	Collaborate in the design and production of dances that use choreographic structures and incorporate various media and/or technologies.		
VPA.1.3.12.A.CS2	Aesthetic quality results from conceptual coherence and from understanding and application of the principle unity of form and content.		

Dance artistry is achieved through refined technique, musicality, clarity of choreographic intent, stylistic nuance, and application of proper body mechanics.	
Dance production is collaborative and requires choreographic, technological, design, and performance skill.	
Speculate on the artist's intent, using discipline-specific arts terminology and citing embedded clues to substantiate the hypothesis.	
Criteria for assessing the historical significance, craftsmanship, cultural context, and originality of art are often expressed in qualitative, discipline-specific arts terminology.	
Formulate criteria for arts evaluation using the principles of positive critique and observation of the elements of art and principles of design, and use the criteria to evaluate works of dance, music, theatre, visual, and multimedia artwork from diverse cultural contexts and historical eras.	
Evaluate how an artist's technical proficiency may affect the creation or presentation of a work of art, as well as how the context in which a work is performed or shown may impact perceptions of its significance/meaning.	
The cohesiveness of a work of art and its ability to communicate a theme or narrative can be directly affected by the artist's technical proficiency as well as by the manner and physical context in which it is performed or shown.	

Amistad Integration

Theme of the dance concert and assignments surrounding it may include Amistad integration. Some examples have included- using music from different cultures while exploring cultural dance and using poems as a platform for composition (African American poets such as Langston Hughes)

Holocaust/Genocide Education

Themes of Holocaust/Genocide may be present in the dance concert and assignments surrounding it. Past example includes "Finding Peace" where we examined tragedies and the periods of grief, compromise and inner peace that follow.

Interdisciplinary Connections

LA.W.9-10.4	Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)
LA.W.9-10.5	Develop and strengthen writing as needed by planning, revising, editing, rewriting, trying a new approach, or consulting a style manual (such as MLA or APA Style), focusing on addressing what is most significant for a specific purpose and audience.
LA.W.9-10.6	Use technology, including the Internet, to produce, share, and update individual or shared writing products, taking advantage of technology's capacity to link to other information and to display information flexibly and dynamically.
HPE.2.5.12.A.2	Analyze application of force and motion (weight transfer, power, speed, agility, range of

motion) and modify movement to impact performance.

HPE.2.5.12.A.4 Critique a movement skill/performance and discuss how each part can be made more

interesting, creative, efficient, and effective.

VPA.1.3.12.B.2 Analyze how the elements of music are manipulated in original or prepared musical

scores.

Technology Standards

TECH.8.1.12.A.CS1 Understand and use technology systems.

TECH.8.1.12.A.CS2 Select and use applications effectively and productively.

TECH.8.1.12.E.CS3 Evaluate and select information sources and digital tools based on the appropriateness for

specific tasks.

TECH.8.2.12.D.CS2 Use and maintain technological products and systems.

21st Century Themes/Careers

CRP.K-12.CRP1 Act as a responsible and contributing citizen and employee.

CRP.K-12.CRP1.1 Career-ready individuals understand the obligations and responsibilities of being a

member of a community, and they demonstrate this understanding every day through their interactions with others. They are conscientious of the impacts of their decisions on others and the environment around them. They think about the near-term and long-term consequences of their actions and seek to act in ways that contribute to the betterment of their teams, families, community and workplace. They are reliable and consistent in going beyond the minimum expectation and in participating in activities that serve the greater

good.

CRP.K-12.CRP3.1 Career-ready individuals understand the relationship between personal health, workplace

performance and personal well-being; they act on that understanding to regularly practice healthy diet, exercise and mental health activities. Career-ready individuals also take regular action to contribute to their personal financial well-being, understanding that personal financial security provides the peace of mind required to contribute more fully to

their own career success.

CRP.K-12.CRP6.1 Career-ready individuals regularly think of ideas that solve problems in new and different

ways, and they contribute those ideas in a useful and productive manner to improve their organization. They can consider unconventional ideas and suggestions as solutions to issues, tasks or problems, and they discern which ideas and suggestions will add greatest value. They seek new methods, practices, and ideas from a variety of sources and seek to apply those ideas to their own workplace. They take action on their ideas and understand

how to bring innovation to an organization.

CAEP.9.2.12.C.3 Identify transferable career skills and design alternate career plans.

Financial Literacy Integration

Instructional Strategies & Learning Activities

Dance Concert

- Review and rehearse choreography to be performed.
- Practice asthetic quality and stage presence.
- Discuss and select costumes.
- Create a plan for lighting.
- Attend dress rehearsal and dance concert.
- Reflect on concert and personal performance.

Differentiated Instruction

- Inquiry/Problem-Based Learning
- Learning preferences integration (visual, auditory, kinesthetic)
- Tiered Learning Targets
- Learning through play
- Self-Directed Learning
- Student Data Inventories
- Mastery Learning (feedback toward goal)
- Goal-Setting & Learning Contracts
- Game-Based Learning
- Grouping
- Socratic Seminar
- Rubrics
- Concept Attainment
- Flipped Classroom
- Mentoring
- Assessment Design & Backwards Planning
- Student Interest & Inventory Data

Formative Assessments

- Daily teacher observation
- Class participation/effort
- Post concert reflection

Summative Assessment

Alternate Assessments
More time alloted for written assignments/assessments.
Observation forms when unable to dance
Resources & Technology
• itunes/spotify/youtube for music
• sound system
 laptop/chromebook
• projector
• mirrors
auditorium lighting
• video camera
BOE Approved Texts

• Low-Stakes Quizzes - Give a short quiz using technologies like Kahoot or a Google form.

Closure

- Ask a question. Give students ten seconds to confer with peers before you call on a random student to answer. Repeat.
- Have kids orally describe a concept, procedure, or skill in terms so simple that a child in first grade would get it.
- Direct kids to raise their hands if they can answer your questions. Classmates agree (thumbs up) or disagree (thumbs down) with the response.
- Kids write notes to peers describing what they learned from them during class discussions.
- Have students complete the following sentence: "The [concept, skill, word] is like ______ because _____."

ELL

- Alternate Responses
- Advance Notes
- Extended Time
- Teacher Modeling
- Simplified Written and Verbal Instructions
- Frequent Breaks
- E-Dictionaires
- Google Translate

Special Education

- Shorten assignments to focus on mastery of key concepts.
- Substitute alternatives for written assignments (clay models, posters, panoramas, collections, etc.)
- Specify and list exactly what the student will need to learn to pass.
- Evaluate the classroom structure against the student's needs (flexible structure, firm limits, etc.).
- Keep workspaces clear of unrelated materials.
- Keep the classroom quiet during intense learning times.
- Reduce visual distractions in the classroom (mobiles, etc.).
- Provide a computer for written work.
- Seat the student close to the teacher or a positive role model.
- Provide an unobstructed view of the chalkboard, teacher, movie screen, etc.
- Keep extra supplies of classroom materials (pencils, books) on hand.
- Give directions in small steps and in as few words as possible.
- Number and sequence the steps in a task.
- Have student repeat the directions for a task.
- Provide visual aids.
- Go over directions orally.
- Provide a vocabulary list with definitions.

- Permit as much time as needed to finish tests.
- Allow tests to be taken in a room with few distractions (e.g., the library).
- Have test materials read to the student, and allow oral responses.
- Divide tests into small sections of similar questions or problems.
- Allow the student to complete an independent project as an alternative test.
- Give progress reports instead of grades.
- Grade spelling separately from content.
- Allow take-home or open-book tests.
- Show a model of the end product of directions (e.g., a completed math problem or finished quiz).
- Stand near the student when giving directions or presenting a lesson.
- Mark the correct answers rather than the incorrect ones.
- Permit a student to rework missed problems for a better grade.
- Average grades out when assignments are reworked, or grade on corrected work.
- Use a pass-fail or an alternative grading system when the student is assessed on his or her own growth.

504

Examples of accommodations in 504 plans include but are not limited to:

- preferential seating
- extended time on tests and assignments
- reduced homework or classwork
- verbal, visual, or technology aids
- modified textbooks or audio-video materials
- behavior management support
- adjusted class schedules or grading
- verbal testing
- excused lateness, absence, or missed classwork
- pre-approved nurse's office visits and accompaniment to visits
- occupational or physical therapy

At Risk

Examples may include:

- Use of mnemonics
- Have student restate information
- Provision of notes or outlines
- Concrete examples
- Assistance in maintaining uncluttered space

- Weekly home-school communication tools (notebook, daily log, phone calls or email messages)
- Peer or scribe note-taking
- No penalty for spelling errors or sloppy handwriting
- Follow a routine/schedule
- Teach time management skills
- Verbal and visual cues regarding directions and staying on task
- Adjusted assignment timelines
- Visual daily schedule
- Immediate feedback
- Work-in-progress check
- Pace long-term projects
- Preview test procedures
- Film or video supplements in place of reading text
- Pass/no pass option
- Cue/model expected behavior
- Use de-escalating strategies
- Use peer supports and mentoring
- Have parent sign homework/behavior chart
- Chart progress and maintain data
