Unit Overview

Enduring Understandings

- The creation of art is Content: The creation of art is driven by the principles of balance, harmony, unity, emphasis, proportion and rhythm/movement
- Each of the many genres of art is associated with discipline-specific arts terminology and a stylistic approach to art-making.
- The visual possibilities and inherent qualities of traditional and contemporary art materials (including digital media) many inform choices about visual communication and art-making techniques.

Essential Questions

- What effects are created by exaggerating proportion in a work of art?
- What is the difference between symmetrical and asymmetrical work?
- How does a work change by using subtractive techniques?
- What can we learn by creating a work of art from observation?

New Jersey Student Learning Standards (No CCS)

VPA.1.3.8.D.1	Incorporate various art elements and the principles of balance, harmony, unity, emphasis, proportion, and rhythm/movement in the creation of two- and three- dimensional artworks, using a broad array of art media and art mediums to enhance the expression of creative ideas (e.g., perspective, implied space, illusionary depth, value, and pattern).
VPA.1.3.8.D.2	Apply various art media, art mediums, technologies, and processes in the creation of allegorical, theme-based, two- and three-dimensional works of art, using tools and technologies that are appropriate to the theme and goals.
VPA.1.3.8.D.3	Identify genres of art (including realism, abstract/nonobjective art, and conceptual art) within various contexts using appropriate art vocabulary, and solve hands-on visual problems using a variety of genre styles.
VPA.1.3.8.D.4	Delineate the thematic content of multicultural artworks, and plan, design, and execute multiple solutions to challenging visual arts problems, expressing similar thematic content.
VPA.1.3.8.D.5	Examine the characteristics, thematic content, and symbolism found in works of art from diverse cultural and historical eras, and use these visual statements as inspiration for original artworks.
VPA.1.3.8.D.6	Synthesize the physical properties, processes, and techniques for visual communication in multiple art media (including digital media), and apply this knowledge to the creation of original artworks.
VPA.1.3.8.D.CS1	The creation of art is driven by the principles of balance, harmony, unity, emphasis, proportion, and rhythm/movement.
VPA.1.3.8.D.CS2	Themes in art are often communicated through symbolism, allegory, or irony. There are a wide variety of art mediums, each having appropriate tools and processes for the production of artwork. Fluency in these mediums, and the use of the appropriate tools associated with working in these mediums, are components of art-making.
VPA.1.3.8.D.CS3	The classification of art into various art genres depends on the formal aspects of visual statements (e.g., physical properties, theoretical components, cultural context). Many genres of art are associated with discipline-specific arts terminology.
VPA.1.3.8.D.CS4	Universal themes exist in art across historical eras and cultures. Art may embrace multiple solutions to a problem.
VPA.1.3.8.D.CS5	Each of the many genres of art is associated with discipline-specific arts terminology and a stylistic approach to art-making.
VPA.1.3.8.D.CS6	The visual possibilities and inherent qualities of traditional and contemporary art materials (including digital media) may inform choices about visual communication and art-making techniques.

Student Objectives

- Create a 3D sculpture that exaggerates proportion.
- Demonstrate asymmetrical balance.
- Use additive and subtractive sculptural techniques to create an illusion of movement.
- Use of repetition, emphasis and pattern to create movement.
- Create a mixed media artwork based on observation from actual environment

Performance Tasks

Students will be given assignment criteria and expectations before each assignment. A rubric will be given for assessment. Please see attached.

Criteria	20 Points	15 Points	10 Points	5 Points	0 Points
Creativity	Work exceptionally unique, detailed and interesting. Explores several different options and takes many creative risks	Work generally unique, detailed and interesting. Explores some different options and takes some creative risks.	Work somewhat unique, detailed or interesting. Shows some developing ideas but without a true sense of originality.	Work occasionally unique, detailed or interesting. Shows minimal risks taken. Similar to examples shown.	Work not unique, detailed or interesting. Shows no original ideas or risks taken.
Use of Elements and Principles	Exceptional understanding and application of the elements of art and principles of design.	Good understanding and application of the elements of art and principles of design.	Basic understanding and application of the elements of art and principles of design.	Minimal understanding and application of the elements of art and principles of design.	No understanding and application of the elements of art and principles of design.
Craftsmanship	Work done with exceptional care and attention to detail and neatness	Work done with good care and attention to detail and neatness	Work done with basic care and attention to detail and neatness	Work done with minimal care and attention to detail and neatness	Work done with no care and attention to detail and neatness
Understanding, Achievement and Completion	Exceptional understanding of project requirements. Assignment followed, and work is all complete and consistent.	Good understanding of project requirements. Assignment followed, and work is mostly complete and consistent.	Basic understanding of project requirements. Assignment followed, and work is somewhat complete and consistent.	Minimal understanding of project requirements. Assignment generally followed, but work is incomplete or consistent.	Lack of understanding of project requirements. Assignment not followed, and work is incomplete and inconsistent.
Effort and Participation	Work shows exceptional effort, planning and pride. Participated in all class discussions.	Work shows good effort, planning and pride. Participated in most class discussions.	Work shows basic effort, planning and pride. Participated in some class discussions.	Work shows minimal effort, planning and pride. Participated in few class discussions.	Work shows a lack of effort, planning and pride. No participation in class discussions.

Learning Plan

Create a sculpture out of cardboard that exaggerates proportion.
