Haddonfield School District

We nurture. We inspire. We empower.

The Haddonfield School District nurtures, inspires and empowers every learner. In collaboration with our community, we nurture unique abilities and foster a climate conducive to taking risks in pursuit of excellence. We inspire lifelong learners to excel in their endeavors. We empower each other to be inclusive, flexible and critical thinkers in a global community.

We will nurture self-awareness, social awareness, self-management, relationship skills, and responsible decision making to ensure the social and emotional well-being of our learners.

We will inspire learners to advance their understanding of our interconnectedness in order to engage meaningfully and respectfully with people of diverse identities, experiences, and points of view.

We will empower learners to engage critically in a globally connected world through relevant content, innovative technology, flexible learning environments, and purposeful experiences.

Haddonfield Middle School

Our Mission

The mission of the Haddonfield Middle School is to teach, guide, and nurture young adolescents. In partnership with parents and the community, we strive to create a school where students want to learn and see the benefit of their learning. We help students become independent learners, responsible decision-makers, and thoughtful citizens. We provide a comprehensive curriculum that integrates learning – academic, artistic, technological, and athletic – with life. Recognizing the developmental characteristics unique to our students, we build on the foundation of elementary education, and with mutual respect, prepare students for high school and a changing world.

Our Vision

Improve academic and developmental outcomes for all students in grades 6-8 through careful identification of best practices using relevant data in order to prepare students to be lifelong learners ready for high school, college, career, and citizenship.

Enrichment 6-8

The purpose of enrichment is to provide extended learning opportunities and challenges to students who have already mastered, or can quickly master, the basic curriculum.

Enrichment gives the student more time to study concepts with greater depth, breadth, and complexity. Enrichment also provides opportunities for students to pursue learning in their own areas of interest and strengths. Enrichment keeps advanced students engaged and supports their accelerated academic needs.

**HADDONFIELD PUBLIC SCHOOLS BULLDAWG BLOCK
PLANNER**

Time frame: 6 weeks/B days/Approximately 15 school days			
Targeted Standard(s): What is the specific content that needs to be enriched?			
Enduring Understandings (The big ideas): What results or student outcomes do you expect to see as a result of enrichment in this particular area or for a particular group of students?			
Essential Questions connected to the big ideas:			
Content/Objectives:		Instructional Actions:	
Concepts: What will students by the end of this unit?	Skills: What will students be able to do by the end of this unit?	What tasks will I/we create? Activities/Strategies Learning Activities/ Differentiation	Assessment: How will you assess progress? Consider a standards-based approach.
Resources & Technology
