Course Pacing Guide

Over-all HMHS Art Dept. Vision/ The Haddonfield Public School's visual arts curriculum is designed as a continuum from pre-kindergarten through the twelfth grade building creativity, self-expression, intuitive thought and visual literacy. They seek to offer student sustained practice in problem solving familiarity, encourage risk-taking, experimentation empowering students and fostering critical thinking across a range of disciplines. The Haddonfield Art Department wants students, in their enduring futures, to see the relevance and critical nature of the making process.

Haddonfield Art Educators vision is to offer students a diverse curriculum that will give students opportunities to develop their artistic potential and socioemotional well-being, as well as their interest in art. Through flexibility and encouragement as well as careful attention to criteria in the classical approach to Art Education, we offer our students opportunities to find their creative power.

In nurturing the imagination of our students, we are simultaneously fostering their cognitive development. Yet, art experiences reach far beyond cognitive growth. We want students to create work which speaks of their personal voice. We want to become The Art Program reputable for being able reaching into the heart of our students and helping them develop their spirit of creativity which inevitably befalls into their character, thus impacting their connections with the world.

Unit Overview

In the first trimester of First Grade Art, students will begin to identify and use the Elements of Art (line, shape, color, texture, value, space, and form). Lessons will be introduced through a combination of children's literature and master works of Art. Lessons will include drawing, painting, and collage. Connections will be made to Art history as well as everyday life.

VPA.1.1.2.D.1	Identify the basic elements of art and principles of design in diverse types of artwork.
VPA.1.1.2.D.2	Identify elements of art and principles of design in specific works of art and explain how they are used.
VPA.1.1.2.D.CS1	The basic elements of art and principles of design govern art creation and composition.
VPA.1.1.2.D.CS2	Recognizing the elements of art and principles of design in artworks of known and emerging artists, as well as peers, is an initial step toward visual literacy.
VPA.1.2.2.A.CS2	The function and purpose of art-making across cultures is a reflection of societal values and beliefs.
VPA.1.3.2.D.1	Create two- and three-dimensional works of art using the basic elements of color, line, shape, form, texture, and space, as well as a variety of art mediums and application methods.
VPA.1.3.2.D.3	Employ basic verbal and visual art vocabulary to demonstrate knowledge of the materials, tools, and methodologies used to create and tell visual stories.
VPA.1.3.2.D.4	Explore the use of a wide array of art mediums and select tools that are appropriate to the production of works of art in a variety of art media.
VPA.1.3.2.D.5	Create works of art that are based on observations of the physical world and that illustrate how art is part of everyday life, using a variety of art mediums and art media.
VPA.1.3.2.D.CS1	Visual statements in art are derived from the basic elements of art regardless of the format and medium used to create the art. There are also a wide variety of art media, each having its own materials, processes, and technical application methods for exploring solutions to creative problems.
VPA.1.3.2.D.CS3	Each of the visual art forms uses various materials, tools, and techniques that are associated with unique verbal and visual vocabularies.
VPA.1.3.2.D.CS4	Knowledge of visual art media necessitates an understanding of a variety of traditional and nontraditional tools, applications, possibilities, and limitations.
VPA.1.3.2.D.CS5	Visual awareness stems from acute observational skills and interest in visual objects, spaces, and the relationship of objects to the world.

Enduring Understandings

- Active participation in the arts leads to a comprehensive understanding of the imaginative and creative process.
- An understanding of the elements and principles of art is essential to the creative process and artistic production.

Essential Questions

- What are the primary and secondary colors?
- How do you make secondary colors?

- What are the basic elements of art?
- How do artists use the elements in their artwork?

Interdisciplinary Connections

Lessons in this unit connect with Language Arts through the use of children's literature.

There is also a connection to Math through the use of lines and geometric shapes in the Mondrian lesson.

LA.K-12.NJSLSA.R7	Integrate and evaluate content presented in diverse media and formats, including visually and quantitatively, as well as in words.
LA.RI.1.6	Distinguish between information provided by pictures or other illustrations and information provided by the words in a text.
MA.1.G.A.1	Distinguish between defining attributes (e.g., triangles are closed and three-sided) versus non-defining attributes (e.g., color, orientation, overall size); build and draw shapes to possess defining attributes.
MA.1.G.A.3	Partition circles and rectangles into two and four equal shares, describe the shares using the words halves, fourths, and quarters, and use the phrases half of, fourth of, and quarter of. Describe the whole as two of, or four of the shares. Understand for these examples that decomposing into more equal shares creates smaller shares.

Technology Standards

TECH.8.2.2.D.CS1	Apply the design process.
TECH.8.2.2.E.1	List and demonstrate the steps to an everyday task.

21st Century Themes/Careers

CAEP.9.2.4.A.1	Identify reasons why people work, different types of work, and how work can help a person achieve personal and professional goals.
