## Equity Considerations

---

Culturally Responsive Teaching recognizes and celebrates that our students come from a variety of backgrounds and experiences and traditions, including (dis)ability cultures. It is the intent to connect activities, assignments, readings, and projects to students' home cultures and experiences. The classroom is a community where knowledge is created within the context of students' cultural, traditional, and social experiences. The instruction shall enable students to identify and analyze applicable theories concerning inequalities in human nature and behavior, and further emphasize the responsibility of each human to have an awareness of equity considerations and take appropriate measures to practice them in our society.
