IEP & 504 Modifications

- SWAG
- Meetings at Delsea One

- allowing student to take notes in class for reinforcement but also providing a copy (digital or print) of completed/correct notes to study from
- breaking larger assignments/projects into shorter tasks with clear deadlines for each section
- Current events can be watched or read
- higher level reasoning questions such as, DBQs or RAFTs, would have less weight than other questions or possibly be provided as extra credit questions to provide exposure to these questions but not something that will be a detriment to the student's ability to share knowledge of content
- if not directly testing directly for reading comprehension offering paraphrasing of quotes, etc... if the student is expected to be testing on understanding that paragraph or quote to answer future questions. Use with historical documents.
- modeling and showing lots of examples
- Projects can be submitted digitally or paper
- providing students with content vocabulary prior to teaching a lesson including that vocabulary (pre-teaching) Varied instruction: Quizlet
- rewording questions so that there are not higher level vocabulary within the question (you are testing for understanding of the content not the ability to understand the question)
- Test in small groups
- Use visuals

G&T Modifications

- SWAG
- Meetings at Delsea One
- Annotating
- Different test items. (DBQ, RAFT, thesis statement, projects, inquiry based)
