

SEM(Y3) #1The Sports/Event Marketing Environment

Content Area: **CTE**
Course(s): **Foundations of Marketing, Sports Management & Marketing**
Time Period: **September**
Length: **30 days**
Status: **Published**

Unit Overview:

This unit furthers student knowledge and skill in a review of the sport/event marketing environment. Students will explore the role of sports agents as well as legal issues affecting sports products, trends, and the industry as a whole. Throughout the unit, students are presented problem-solving situations for which they must apply academic and critical-thinking skills. These skills will be applied through DECA role play scenarios and case studies throughout the course.

Essential Questions:

- How can I make a community and business connections through DECA?
- What are the current sport and event trends?
- What do sports agents do?
- What regulations and agreements impact sport and event products?

Enduring Understandings:

The Learner will develop a thorough understanding of the sport/event marketing environment through an exploration of the role of agents, unions, governing bodies, and trends. They will investigate career opportunities available through sports and entertainment marketing. They will connect the learning and application of skills through discovery of DECA competitive events with the goal of becoming effective, creative, critical thinkers and problem-solvers.

- Apply practiced strategies to DECA case studies, role plays, and competitions in an effort to master professional skills for workplace readiness
- Describe legal issues affecting the marketing of sport/event products
- Determine the impact of unions on sports
- Examine the role of agents in sports
- Identify sport/event trends

Equity Considerations

Culturally Responsive Teaching recognizes and celebrates that our students come from a variety of

backgrounds and experiences and traditions, including (dis)ability cultures. It is the intent to connect activities, assignments, readings, and projects to students' home cultures and experiences. The classroom is a community where knowledge is created within the context of students' cultural, traditional, and social experiences. The instruction shall enable students to identify and analyze applicable theories concerning inequalities in human nature and behavior, and further emphasize the responsibility of each human to have an awareness of equity considerations and take appropriate measures to practice them in our society.
