Unit 1: What is Action Citizenship?

Content Area: **Social Studies**
Course(s):
Time Period: **September**
Length: **4 weeks**
Status: **Published**

Enduring Understandings

A successful democracy requires an active citizenship.

Local governments meet the most immediate needs of the people

State governments serve the role of intermediary between local, state, and federal governments.

I am an active citizen who can make a positive difference in improving the social, political, economic, and physical aspects of the community in which I live.

Essential Questions

What is an active citizen?

What is meant by the social, political, economic, and physical aspects of a local region, county or state?

What is a citizen and what rights and responsibilities do citizens have?

How does a government attempt to meet the common good?

How can political systems influence the achievements of a society?

Content

Analyze the relationships among maintaining order under the rule of law, protecting individual rights, and providing for the common good.

Explain how various groups provide opportunities for citizens to participate in the political process and ways in which individuals and groups can advance or impede political decisions.

Analyze the concept of citizenship and explain how the concept has changed at different times and how it is in effect today.

Contact local officials and community members to acquire information and/or discuss local issues.

Make informed and reasoned decisions by seeking and assessing information, asking questions, and evaluating

alternate solutions

Select a local issue and develop a group action plan to inform school and/or community members about the issue.

Plan and participate in an advocacy project to inform others about environmental issues at the local or state level and propose possible solutions.

Skills

Contact local officials and community members to acquire information and/or discuss local issues.

Make informed and reasoned decisions by seeking and assessing information, asking questions, and evaluating alternate solutions

Select a local issue and develop a group action plan to inform school and/or community members about the issue.

Plan and participate in an advocacy project to inform others about environmental issues at the local or state level and propose possible solutions.
