

# Unit 1 - Law and the Legal System

Content Area: **Social Studies**  
Course(s):  
Time Period: **September**  
Length: **11 block classes**  
Status: **Published**

## Enduring Understandings

---

Laws are the rules and regulations made and enforced by government that regulate the conduct of people in society. Understand why societies require rules, laws and government. That said, the American government was founded on the principles of fairness, equality and respect for diversity. The Constitution is America's supreme law of the land. It is a living document that helps defines the roles of all its citizens.

## Essential Questions

---

- What are laws?
- How does our Constitution create a framework for a justice system with federalism?
- How are laws created?
- What methods are available to resolve disputes outside of our regular justice system?
- How does the court system compare between levels of government, including local, state and federal courts?
- How do criminal and civil courts compare and contrast?
- How does a trial court compare and contrast to an appellate court?

## Skills

---

- Describe the function of laws.
- Determine how societal values are reflected in laws.
- Analyze the structure of the US Consitution.
- Analyze how laws are actually made, including the roles of citizens, and the branches of government on the federal, state and local levels.
- Describe and apply three methods of alternative dispute resolution - mediation, negotiation, arbitration.
- Desctibe the structures and functions of the trial and appeals court systes at the federal, state and local levels.
- Evaluate the impact of court ruligs on individuals and on the American society.
