Content Area: **Language Arts Literacy**
Course(s): **English 11 CP**
Time Period: **Marking Period 2**
Length: **10 Blocks**
Status: **Published**

Course Description

This course is designed for the student who has developed an exceptional proficiency in critical reading and thinking as well as advanced writing skills. Students are challenged with numerous fictional literary readings from several genres and related non-fiction. In addition, students complete many writing assignments and extensive outside readings. Students explore the modes of writing on a more sophisticated level; journal writing will address students' creative talents while other assignments will be analytical in nature. Students use MLA and The BIG6 information literacy model to conduct problem-based research projects.

Unit Description

Stage 1-- Desired Results

Unit Purpose: In this unit students will read literature to study finding the author's purpose. In 11-12th grade, teachers will teach the same standards from 9th and 10th grade but will increase the rigor. 11th-grade teachers will teach the skills based on the explicit standards and 12th-grade teachers refresh/review those same skills from the year prior to check for complete understanding.

Established Goals: The main focus in 11th grade will be to read literature to evaluate the author's purpose of his or her text.

New Jersey Student Learning Standards: English Language Arts Grades 11 and 12

Explicit:

RL.11-12.1. Cite strong and thorough textual evidence and make relevant connections to support analysis of what the text says explicitly as well as inferences drawn from the text, including determining where the text leaves matters uncertain.

RL.11-12.2. Determine two or more themes or central ideas of a text and analyze their development over the course of the text, including how they interact and build on one another to produce a complex account; provide an objective summary of the text.

RL.11-12.3. Analyze the impact of the author's choices regarding how to develop and relate elements of a story or drama (e.g., where a story is set, how the action is ordered, how the characters are introduced and developed).

RL.11-12.4. Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings; analyze the impact of specific word choices on meaning and tone, including words with multiple meanings or language that is particularly fresh, engaging, or beautiful. (e.g., Shakespeare as well as other authors.)

RL.11-12.5. Analyze how an author's choices concerning how to structure specific parts of a text (e.g., the choice of where to begin or end a story, the choice to provide a comedic or tragic resolution) contribute to its overall structure and meaning as well as its aesthetic impact.

RL.11-12.6. Analyze a case in which grasping a point of view requires distinguishing what is directly stated in a text from what is really meant (e.g., satire, sarcasm, irony, or understatement).

SL.11-12.5. Make strategic use of digital media (e.g., textual, graphical, audio, visual, and interactive elements) in presentations to enhance understanding of findings, reasoning, and evidence and to add interest.

SL.11-12.6. Adapt speech to a variety of contexts and tasks, demonstrating a command of formal English when indicated or appropriate.

Implicit:

RL.11-12.10. By the end of grade 11, read and comprehend literature, including stories, dramas, and poems at grade level text-complexity or above with scaffolding as needed.

SL.11-12.1. Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with peers on grades 11–12 topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.

A. Come to discussions prepared, having read and researched material under study; explicitly draw on that preparation by referring to evidence from texts and other research on the topic or issue to stimulate a thoughtful, well reasoned exchange of ideas.

L.11-12.4. Determine or clarify the meaning of unknown and multiple-meaning words and phrases

based on grades 11–12 reading and content, choosing flexibly from a range of strategies.

1. Use context (e.g., the overall meaning of a sentence, paragraph, or text; a word’s position or function in a sentence) as a clue to the meaning of a word or phrase.
2. Identify and correctly use patterns of word changes that indicate different meanings or parts of speech (e.g., conceive, conception, conceivable).
3. Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning, its part of speech, its etymology, or its standard usage.
4. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary).

L.11-12.5. Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.

1. Interpret figures of speech (e.g., hyperbole, paradox) in context and analyze their role in the text.
2. Analyze nuances in the meaning of words with similar denotations.

L.11-12.6. Acquire and use accurately general academic and domain-specific words and phrases, sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when considering a word or phrase important to comprehension or expression.
