EU1: A citizen is a person who, by place of birth, nationality of one or both parents, or naturalization is granted full rights and responsibilities as a member of a nation or political community.

EU2: The government of the State of New Jersey, like that of the United States, is divided into three coequal branches: the legislative, the executive, and the judicial. The principal function of the Legislature is to enact laws. The Executive Branch (the Governor, Lieutenant Governor and State agencies) carries out the programs established by law. The Judiciary (the Supreme Court and lower courts) punishes violators, settles controversies and disputes, and is the final authority on the meaning and constitutionality of laws.

EU3: Civil society is playing an increasingly important role in governance and public policy.

EU4: Democracy is government in which power and civic responsibility are exercised by all adult citizens, directly, or through their freely elected representatives.

EU5: An effective citizen as one who has the knowledge, skills, and attitudes required to assume the “office of citizen” in our democratic republic

EU6: Civic engagement means working to make a difference in the civic life of our communities and developing the combination of knowledge, skills, values and motivation to make that difference. It means promoting the quality of life in a community, through both political and non-political processes.
