SOC.6.3.8.CivicsPR.5	Engage in simulated democratic processes (e.g., legislative hearings, judicial proceedings, elections) to understand how conflicting points of view are addressed in a democratic society.
SOC.6.3.8.EconET.2	Assess the impact of government incentives and disincentives on the economy (e.g., patents, protection of private property, taxes).

Enduring Understandings

EU1: The Declaration, the Constitution, and the Bill of Rights are based on the idea that all people have certain fundamental rights that governments are created to protect.

EU2: Democratic norms are in place to facilitate a peaceful, respectful, smoothly-run government.

EU3: Federalism limits government by creating two sovereign powers, the national government and state governments, thereby restraining the influence of both.

EU4: Separation of powers imposes internal limits by dividing government against itself, giving different branches separate functions and forcing them to share power.

EU5: On April 15, a group of House and Senate Democrats introduced the Judicial Act of 2021, seeking to expand the size of the U.S. Supreme Court from 9 justices to 13.

EU6: The first 10 amendments to the Constitution make up the Bill of Rights. Federalists argued that the Constitution did not need a bill of rights, because the people and the states kept any powers not given to the federal government.
