

# Health Unit 1 Wellness and Safety

Content Area: **Physical Education and Health**  
Course(s): **Painting, Physical Education/Health**  
Time Period: **November**  
Length: **3 weeks**  
Status: **Published**

## **Enduring Understandings**

---

Making wise decisions can help you stay safe when situations present multiple outcomes such as, but not limited to: indoor, outdoor safety, bicycle safety, stranger danger, environmental/weather changes.

Safety rules are given to us for very important reasons and should be followed to avoid potentially unsafe situations

## **Essential Questions**

---

How can decision making affect the outcome of safety situations (indoor, outdoor safety, bicycle safety, stranger danger, environmental/weather changes) when I make the safe choice vs. an unsafe choice

What would society look like if there were no safety laws?

What do I do if a friend is not following safety rules?

## **Skills**

---

Demonstrate understanding of how decision making directly affects students' life.

Identify how to make a decision based on safety in various situations.

Identify how to assess a situation to see if it is safe or not.

## **Standards**

---

HPE.2.1.2	All students will acquire health promotion concepts and skills to support a healthy, active lifestyle.
HPE.2.1.2.D	Safety
HPE.2.1.2.D.1	Identify ways to prevent injuries at home, school, and in the community (e.g., fire safety, poison safety, accident prevention).
