#### **Standards**

SOC.6.2.12 World History/Global Studies: All students will acquire the knowledge and skills to think

analytically and systematically about how past interactions of people, cultures, and the environment affect issues across time and cultures. Such knowledge and skills enable

students to make informed decisions as socially and ethically responsible.

SOC.6.3.12 Active Citizenship in the 21st Century: All students will acquire the skills needed to be

active, informed citizens who value diversity and promote cultural understanding by working collaboratively to address the challenges that are inherent in living in an

interconnected world.
