

Unit 7: Foundations of Greek Culture

Content Area: **Social Studies**
Course(s): **Ancient World History**
Time Period: **May**
Length: **6 weeks**
Status: **Published**

Transfer Skills

Ancient Greece is widely regarded as the Cradle of Western Civilization.

Enduring Understandings

The rise and spread of new belief systems unified societies, but they also became a major source of tension and conflict.

Despite the fact that commercial and agricultural improvements created new wealth and opportunities for the empires, most people's daily lives remained unchanged.

Geography influenced the development of the political, economic, and cultural centers of each empire and well as the empires' relationships with other parts of the world.

Ancient Greece is widely regarded as the Cradle of Western Civilization.

Essential Questions

What have been Greece's greatest legacies?

How did the mountains affect life in Greece?

How was the sea helpful to the Greek economy?
