Unit 9 - A variety of scientists answer questions

Content Area:	Science
Course(s):	Forensic Science
Time Period:	May
Length:	6 Blocks
Status:	Published

Enduring Understandings

Many scientists work together to solve crimes. Forensic science work takes place in the field, the laboratory, and the courtroom.

Essential Questions

What types of scientists work in the field of forensic science? Where do forensic scientists work?

Content

Vocabulary: Criminalistics Forensic Engineering Forensic Odontology Forensic Pathology Forensic Pathology Forensic Psychology Forensic Psychiatry Document Examiners Forensic Toxicology

Skills

Utilize various resources to examine licensing, certification, and credentialing requirements at the local, state, and national levels to maintain compliance with industry requirements in areas of career interest Interpret how changing economic and societal needs influence employment trends and future education. Determine job entrance criteria (e.g., education credentials, math/writing/reading comprehension tests, drug tests) used by employers in various industry sectors.

Resources

- Teacher's Wraparound Edition for Forensic Science: An Introduction, 2nd Edition
 Richard Saferstein, Forensic Science Consultant ©2011 |Prentice Hall
- Instructor's Manual with Lesson Plans for Forensic Science: An Introduction, 2nd Edition Richard Saferstein, Forensic Science Consultant ©2011 |Prentice Hall
- Basic Laboratory Exercises for Forensic Science: An Introduction, 2nd Edition Richard Saferstein, Forensic Science Consultant ©2011 |Prentice Hall
- Forensic Science Experiments (Facts on File Science Experiments) Hardcover October 1, 2009

by Pamela Walker (Author), Elaine Wood (Author)

- Forensic Science Experiments on File (Facts on File Science Library) Ring-bound
- Crime Scene Investigations: Real-Life Science Labs For Grades 6-12

by Pam Walker, Elaine Wood, Christopher Stone (Illustrator)

Assessments

Standarde

Project: Personal Career Project Students will CHOOSE a forensic science career to research. They will examine licensing, certification, and credentialing requirements at the local, state, and national levels.
