

Unit 10: Shopping smart

Content Area: **Language Arts Literacy**
Course(s): **Contemporary Living**
Time Period: **June**
Length: **8 blocks**
Status: **Published**

Enduring Understandings

Unit pricing information makes it easy to compare the cost of products in different sized packages

Nutritional value is just as important as the quality and the price of the foods you buy

The main purpose of advertising is to make people want to buy what the advertiser is trying to sell

Making healthy food choices is not confined to eating at home but the same principles can be applied when dining out

Essential Questions

How can getting the most for one's money when purchasing groceries help individuals and families?

How can understanding nutrition labels help you save money when purchasing groceries?

Why do businesses advertise their products?

Why is it important to choose healthy foods when dining out?

What does it take for a restaurant to succeed?
