Enduring Understandings

The fashion industry affects what is available to buy, the prices of the items and the self image of people who take its advertisements seriously

A person's clothing choices are often clues to their individual personality, values, self image and pride in their cultural heritage

Making wise decisions about clothing purchases involves understanding garment quality, knowing how to calculate the true cost of clothing, understanding fads and fashions and being able to pick clothing that fits you and your wardrobe

Essential Questions

How does the designer system affect people economically and socially?

Why do people feel that designer label garments are of higher quality than garments without such labels?

Why is purchasing the best quality garment for the lowest price a factor in clothing choices?

How does the price of brand licensing affect the price you pay for clothes?

How does determining the cost per wearing help you judge the value of a garment?
