

Unit 7: Gallant and gustatory gourmet

Content Area: **Language Arts Literacy**
Course(s): **Culinary Arts**
Time Period: **March**
Length: **10 blocks**
Status: **Published**

Enduring Understandings

Gourmet food preparation dresses up food to make the ordinary, special.

Any food can be made gourmet through ingredient selection, presentation and garnishing techniques.

Ingredients contribute to the unique characteristics of the finished food product.

Developing skills in equipment use leads to success in food preparation and production.

Cooking methodologies require the application of scientific principles while encouraging culinary creativity.

Lifelong learning increases knowledge and can improve the quality of life.

Essential Questions

How can understanding the elements of the dining experience create a satisfying dining experience.

How do appetizers help create a balanced meal?

How does planning a schedule before beginning food preparation experiences improve work efficiency and final product outcomes?

How does food define social interactions?

Why bother making gourmet foods?

How does a chef know which ingredients to use?

How do equipment skills contribute to successful food preparation and production?

How do I make myself a better cook?
