Unit 7: Garment design and construction

Family and Consumer Sciences Fashion Technology Content Area:

Course(s):

Time Period: March 22 Blocks Length: Status: **Published**

Enduring Understandings		
Safely utilizing the appropriate tools and machinery is essential to successful construction of garments and accessories		
Applied usage of textiles, notions and patterns create wearable apparel and fashion related products		
Knowing the parts of a sewing machine is essential to operating it		
Construction techniques must be combined to complete an item		
Reading, understanding and following the pattern instructions are key to successful garment completion		
Good pressing techniques are as important as good sewing techniques		
Hand sewing techniques are an integral part of garment construction		
Essential Questions		
Why is it important to know how to operate a sewing machine?		
What skills are needed to construct clothing?		
When following construction directions why is it important to understand sewing terms?		

How is knowing figure type and body measurements related to pattern selection?
Why is altering a pattern to fit more advantageous tan altering a garment?
Why should you read through all the steps on the guide sheet before beginning to sew?
How do quality sewing techniques related to apparel production and price point?
What are the skills need to, alter or repair apparel?
Why are hand sewing techniques just as important as machine sewing skills in a garment's conduction?
Content Vocabulary:
Figure type
Figure type Body measurements
Body measurements
Body measurements Multisized pattern
Body measurements Multisized pattern Pattern
Body measurements Multisized pattern Pattern Notions
Body measurements Multisized pattern Pattern Notions Grain line
Body measurements Multisized pattern Pattern Notions Grain line Cutting line
Body measurements Multisized pattern Pattern Notions Grain line Cutting line Notches
Body measurements Multisized pattern Pattern Notions Grain line Cutting line Notches Guide sheet

Tape measure
Pin cushion
Sewing gauge
Yardstick
Chalk pencil
Seam
Seam allowance
Clipping
Darts
Hem
Basting Backstitch
Reinforcement stitch
Skills
Skills Determine appropriate figure type and pattern size by taking accurate measurements
Determine appropriate figure type and pattern size by taking accurate measurements
Determine appropriate figure type and pattern size by taking accurate measurements
Determine appropriate figure type and pattern size by taking accurate measurements Summarize the importance of pattern ease
Determine appropriate figure type and pattern size by taking accurate measurements Summarize the importance of pattern ease
Determine appropriate figure type and pattern size by taking accurate measurements Summarize the importance of pattern ease Interpret the information on a pattern envelope
Determine appropriate figure type and pattern size by taking accurate measurements Summarize the importance of pattern ease Interpret the information on a pattern envelope
Determine appropriate figure type and pattern size by taking accurate measurements Summarize the importance of pattern ease Interpret the information on a pattern envelope Identify items that can be sewn for personal and home decorating use
Determine appropriate figure type and pattern size by taking accurate measurements Summarize the importance of pattern ease Interpret the information on a pattern envelope Identify items that can be sewn for personal and home decorating use
Determine appropriate figure type and pattern size by taking accurate measurements Summarize the importance of pattern ease Interpret the information on a pattern envelope Identify items that can be sewn for personal and home decorating use Describe the tools and equipment needed to complete a sewing project

Demonstrate how to lay out a pattern and cut the fabric in order to make a garment

Demonstrate sewing skills and equipment knowledge by successfully completing a sewing project

Standards

FCSE.9-12.16.4	Demonstrate skills needed to produce, alter, or repair textiles, fashion, and apparel.
FCSE.9-12.16.4.1	Demonstrate professional skills in using traditional and technologically innovative equipment, tools, and supplies in textiles, fashion, and apparel construction, alteration, repair, and recycling.
FCSE.9-12.16.4.3	Use appropriate industry products and materials for cleaning, pressing, and finishing textiles, fashion, and apparel.
FCSE.9-12.16.4.4	Analyze current technology, trends, and innovations that facilitate design and production of textiles, fashion, and apparel.
FCSE.9-12.16.4.5	Demonstrate basic skills for production, alteration, repair and recycling of textiles, fashion, and apparel.
