

Unit 4: Managing Stress and Anxiety

Content Area: **Physical Education and Health**
Course(s): **Health Education Grade 12**
Time Period: **School Year**
Length: **5 blocks**
Status: **Published**

Transfer

No stress-no mess

Enduring Understandings

Taking precautions against risky situations and developing safety habits can enhance personal safety.

Bullying, sexual harassment, and involvement in gangs are factors that play a role in school violence.

Although the nature of violence is complex, one's personal safety depends on the ability to recognize potential sources of violence.

Of particular concern for teens is the incidence of abuse in dating relationships.

Essential Questions

What are some behaviors and strategies that could enhance personal safety?

What are some ways to avoid and reduce threatening situations?

What are some factors that play a role in school violence?

What actions could your school and community take to reduce violence?
