FRENCH 3 H

Credits: 5

Grades: 10, 11, 12

In this advanced level of language study, students continue to review and advance listening, speaking, reading, and writing skills acquired in French 1 and 2. Students read short works of literature and realia in the target language. In addition, students present oral and written summaries, view and respond to videos, and listen to conversations, music, etc. They engage in role-playing and verbal exchanges which promote the practical application of the language. The pace is faster, and the depth and scope of material is greater at the honors level. More oral and written work is required while a greater degree of independence in completing assignments is expected.
