LATIN 2 HONORS

Credits: 5

Prerequisite: Placement (9 th grade) OR Latin 1 CP with a final average of 91 with teacher recommendation

Grades: 9, 10, 11, 12

Latin 2 Honors offers a systematic review of the basic forms, syntax, and vocabulary of Latin 1 CP and introduces advanced material suitable for the reading of prominent Latin authors. It commences at the point at which the introductory program ends and continues to present the basic forms of vocabulary and syntax. A strong emphasis is placed upon vocabulary, word derivation, and translation of Latin to English primarily through the textbook's passages about the public and private life of the Romans. The pace is faster, and the depth and scope of material is greater at this level. More oral and written work will be required and a greater degree of independence in completing assignments is expected. Thus, a student should evaluate one's preparedness in light of his/her achievement on the annual National Latin Examination.

RH.9-10.3. Analyze in detail a series of events described in a text; draw connections between the events, to determine whether earlier events caused later ones or simply preceded them.

RH.9-10.4. Determine the meaning of words and phrases as they are used in a text, including vocabulary describing political, social, or economic aspects of history and the social sciences; analyze the cumulative impact of specific word choices on meaning and tone.
