

Unit 8 - Interpreting Evidence: Our Knowledge of Roman Britain

Content Area: **World Languages**
Course(s): **Latin 3 CP**
Time Period: **May**
Length: **10 blocks**
Status: **Published**

Enduring Understandings

To answer the question "How do we know?" one must understand the interrelationship between the different kinds of evidence - literary, archaeological, and epigraphical.

By understanding the structural patterns of a language, we discover the rules and principles of that language to respond to new or unanticipated situations and settings.

Clarity of thought and ability to reason are drastically improved and developed through in-depth exploration of the Latin language.

Learning a different language/culture leads to greater understanding of one's own language and culture.

Retaining the benefits of language study requires regular review and steady exposure.

Essential Questions

How and why is evidence collected to study the past?

How do cultural differences enrich one's worldview?

How are languages other than English used to communicate?

How does the language I am studying help me to become a more effective reader, writer, speaker and listener in English?
