Applicable NJSLS-WL intercultural statements (interpretive mode of communication, intermediate high/mid):

- Through the target language, learners identify and investigate typical products related to everyday life in the target culture(s) and in the learners' own culture. They use their insights to infer perspectives (attitudes, values, beliefs, the way a native speaker living in the target culture interprets meaning) of the target culture society.
- Learners recognize and identify a few typical practices of the target culture in order to gain understanding of the perspectives of the target culture(s) and their societies.

Presentational mode:

Although Latin is explored in primarily the interpretive mode, the prosaic historical commentary form of the

De Bello Gallico is appropriate to skill acquisition through effective presentation of Caesar's text. Information is conveyed through his prosaic phrasing. Accordingly, presentation of the text with appropriate oral dynamics aligns with NJSLS-WL standard: • 7.1.IH.PRSNT.1: Present detailed information orally and in writing on information gathered from culturally authentic resources, using short paragraphs and often using major time frames.
