

# Unit 3 - Stores /Market and Daily Routine

Content Area: **World Languages**  
Course(s): **Spanish C**  
Time Period: **December**  
Length: **8 Weeks**  
Status: **Published**

## **Transfer**

---

Talk about shopping, personal needs, what you wear in different seasons, say whom things are for, express opinions, and express yourself courteously. Describing what I do and use to prepare for each day.

## **Enduring Understandings**

---

Learning a different language/culture leads to greater understanding of one's own language and culture.

Language learning involves acquiring strategies to fill communication gaps.

Cultural perspectives are gained by using the language and through experience with its products and practices.

Geography and tradition influence our society, its institutions and products.

There are similarities and differences among high school students around the world.

Daily routine can positively or negatively affect one's health.

Language connects people.

Successful communication is knowing how, when and why to convey a message to different audiences.

## **Essential Questions**

---

How can I become a more effective reader, writer, speaker and listener in languages other than English?

How does the language I'm studying help me to better understand my native language?

What can I already communicate in my new language?

How is shopping in a store different than shopping in a market?

How is my typical day similar/different to other adolescents?

How will learning another language broaden my horizons and be useful in other aspects of life?

How can I become a more effective reader, writer, speaker and listener in languages other than English?

What strategies do I need to communicate in linguistically and culturally appropriate ways?

When does accuracy matter?

How do I know that I am getting better in using language in real-world situations?

How does the content of the language I'm studying help me to better understand my native language and who I am in the world in which I live?

What can I already communicate in my new language?

How are cultural perspectives (attitudes, values and beliefs) reflected in a culture's products and social practices?
