Essential Questions

- What responsibility does a society have to look after the poor or the disadvantaged?
- What constitutes an acceptable standard of living?
- To what extent is there a responsibility for rich nations to look after poorer nations?
- What are the causes of poverty?
- How do US consumption habits affect people around the world?
- How does technology help address some of the problems and root causes of poverty?

Application of Knowledge: Students will know that...

- A decrease in fragility and conflict in a poor country almost always leads to a decrease in extreme poverty levels in the country
- The causes of poverty are many and different, ranging from lack of access to resources like electricity and clean water to income inequality
- There are many ways of measuring poverty, but the most common is that extreme poverty consists of those living on less than \$1.25/day
- Though extreme poverty has been in decline in recent decades, most of the world's poor live in just a few Asian countries--especially India and China. Sub-Saharan Africa continues to increase in levels of poverty

Application of Skills: Students will be able to...

- Assess the effectiveness and fairness of efforts to alleviate poverty
- Craft creative solutions to help combat poverty in the US and around the world
- Explain and evaluate what many government and non-government organizations are doing to combat extreme poverty around the world
- Explain the relationship between access to technology, resources, and education and poverty
- Help spread awareness of poverty in the United States and around the world
- Think critically about their role in combating global poverty

Assessments

- Presentation explaining and assessing current poverty-combating programs
- Poster or infographic PSA helping spread awareness of extreme poverty around the world
- Group presentations of a solution to a poverty problem in a specific region chosen by the teacher
- Informal observations of group discussions on reading excerpts, current events, and primary-source documents
- Information from this unit will be included on a locally developed, mid-year or end of course benchmark assessment that may take the form of a test, performance based project, or other summative assessment

Suggested Activities

- Students research online and write a reflection/evaluation of a chosen nation's attempts to alleviate poverty
- Read and discuss mission/policy statements of the World Bank, UNICEF, and USAID
- Create a project in which students experiment with what it's like to live in extreme poverty
- Plan a trip to a local homeless shelter, soup kitchen, or similar facility

Activities to Differentiate Instruction

Differentiation for special education:

- General modifications may include:
 - Modifications & accommodations as listed in the student's IEP
 - Assign a peer to help keep student on task
 - Modified or reduced assignments
 - Reduce length of assignment for different mode of delivery
 - Increase one-to-one time
 - Working contract between you and student at risk
 - Prioritize tasks
 - Think in concrete terms and provide hands-on-tasks
 - Position student near helping peer or have quick access to teacher
 - Anticipate where needs will be
 - Break tests down in smaller increments
- Content specific modifications may include:
 - kinesthetic or interactive options for projects, awareness campaigns
 - One-on-one assistance with research

Differentiation for ELL's:

- General modifications may include:
 - Strategy groups
 - Teacher conferences
 - Graphic organizers
 - Modification plan
 - Collaboration with ELL Teacher
- Content specific vocabulary important for ELL students to understand include: poverty, microloans, welfare, empowerment, income, Gross Domestic Product (GDP)

Differentiation to extend learning for gifted students may include:

- Leadership in group projects, choice of country to research, supplementary reading on history of the fight against poverty
