  - Group roles (timekeeper, recorder, encourager, materials messenger, illustrator)
  - Prompt-cue
  - Gesture-signal
  - Variety of workspace arrangements
  - Organizational tools – labeled bins or cabinets for materials
  - Seating arrangements – minimize distractions, provide positive student models
  
- **General modifications based on student response may include:**
  - Extended time
  - Practice exercises
  - Use of preferred response mode

### **Content specific modifications for students with special needs may include:**

- Modifications & accommodations as listed in the student's IEP
- To create a Civil War journal, students will be given eight suggested topics to write about; one topic for each required journal entry
- To create the Civil War journal, the students will be required to use six of the eight suggested topics; the other two journal entries can be based on the suggestions or other topics the students develop themselves (intermediate activity)
- Provide a completed map of the US states that participated in the Civil War as either Union, Confederate, or border states
- Provide an exemplar for the completed bar graph
- Pair mixed ability students together to work for completing the major events of the Civil War poster
- As necessary give students completed study guides
- Modify tests and quizzes as required or in certain situations as appropriate

### **Content specific modifications for ELL's may include:**

- Tap the student's prior knowledge and experience, which may be different from other students in the class
- Collaboration with ELL Teacher
- Content specific vocabulary important for ELL students to understand include: slaves, Confederacy, Union, border, population, factories, railroads, ironclad, Civil War

### **Content specific modifications to extend learning for gifted students may include:**

- To create the Civil War journal, the students will have the option of writing their journal from the perspective of a real person who lived during the war; this option will add significant difficulty to the project since it will require the student to research not just the conditions during the war, but more in-depth contributions of a specific person (challenge activity)

### **Integrated/Cross-Disciplinary Instruction**

The Civil War journal is a great teaching opportunity for the language arts teachers to guide the students in the use of transitional words and phrases. Also, to create the Civil War journal, the students will be required to use a greater amount of descriptive language than they are accustomed. Better use of descriptive language and transitions can be taught contextually in language arts classes using the journal as the framework for the lessons.
