- Participation & Effort Formative: Other visual assessments 2.5.6.A.1-3, 2.5.6.B.1, 2.5.6.C.1-3

Activities

Mini-lessons based on skill level

Allow students to throw from various distances

Specialized equipment- footballs with hand prints to help students properly grip the football

Activities to Differentiate Instruction

Differentiation for special education:

- General modifications may include:
 - Modifications & accommodations as listed in the student's IEP
 - Assign a peer to help keep student on task
 - Modified or reduced assignments
 - Reduce length of assignment for different mode of delivery
 - Increase one-to-one time
 - Working contract between you and student at risk
 - Prioritize tasks
 - Think in concrete terms and provide hands-on-tasks
 - Position student near helping peer or have quick access to teacher
 - Anticipate where needs will be
 - Break tests down in smaller increments
- Content specific modifications may include:
 - Mini-lessons based on skill level
 - Allow students to throw from various distances
 - Specialized equipment- footballs with hand prints to help students properly grip the football

Differentiation for ELL's:

- General modifications may include:
 - Integrate activities into thematic units
 - tap the student's prior knowledge and experience, which may be different from other students in the class
 - teach learning strategies and scaffold complex texts
 - organize students into a variety of learning groups
 - Collaboration with ELL Teacher
- Content specific vocabulary important for ELL students to understand include: first down, punt, pass, hand-off, defense, offense, interference, touchdown, quarterback, receivers, downs of play, penalty

Differentiation to extend learning for gifted students may include:

- Mini-lessons based on skill level
- Allow students to throw from various distances

Integrated/Cross-Disciplinary Instruction

Social Studies- History of the game

Health- Safety, muscle warm-up

21st Century Skills

CRP.K-12.CRP2.1

Career-ready individuals readily access and use the knowledge and skills acquired through experience and education to be more productive. They make connections between abstract concepts with real-world applications, and they make correct insights about when it is appropriate to apply the use of an academic skill in a workplace situation.

CRP.K-12.CRP3.1

Career-ready individuals understand the relationship between personal health, workplace performance and personal well-being; they act on that understanding to regularly practice healthy diet, exercise and mental health activities. Career-ready individuals also take regular action to contribute to their personal financial well-being, understanding that personal financial security provides the peace of mind required to contribute more fully to their own career success.

CRP.K-12.CRP4.1

Career-ready individuals communicate thoughts, ideas, and action plans with clarity, whether using written, verbal, and/or visual methods. They communicate in the workplace with clarity and purpose to make maximum use of their own and others' time. They are excellent writers; they master conventions, word choice, and organization, and use effective tone and presentation skills to articulate ideas. They are skilled at interacting with others; they are active listeners and speak clearly and with purpose. Career-ready individuals think about the audience for their communication and prepare accordingly to ensure the desired outcome.
