Course Overview

The sixth through eighth grade physical education curriculum strives to create individuals who not only understand the importance of living a healthful, physically active life, but who also have experienced a wide-variety of activities and opportunities to understand how to pursue that lifestyle as an adult. As a result, the curriculum has a vast array of different units that all feature fun, physically challenging, and educational experiences that encourage students to practice a variety of skills and develop healthy physical habits. The curriculum is prepared to meet the needs of students with diverse needs and pushes students to develop important social skills such as collaboration, team-work, and cooperation. Each year from sixth through eighth grade, students skills' development is expected to increase at their own, individualized level.
