

# Unit 06: Hockey

Content Area: **Physical Education**  
Course(s): **Physical Education**  
Time Period: **Week 15**  
Length: **3 Weeks**  
Status: **Published**

## Unit Overview

---

Students will learn about the sport of hockey including key terms, safety rules, and rules of game play. Each class will engage in a variety of hockey games designed to increase the skills of striking a ball with an implement, teamwork, cooperation, and ability to follow directions. Students will be able to tell the difference between offense and defense and will be able to explain the role each plays in the game of hockey. The hockey unit will include skill work, lead-up games, small-sided games, and individual practice.

## Standards

---

HPE.2.5.2.A.1	Explain and perform movement skills with developmentally appropriate control in isolated settings (i.e., skill practice) and applied settings (i.e., games, sports, dance, and recreational activities).
HPE.2.5.2.A.4	Correct movement errors in response to feedback.
HPE.2.5.2.A.CS1	Understanding of fundamental concepts related to effective execution of actions provides the foundation for participation in games, sports, dance, and recreational activities.
HPE.2.5.2.B.1	Differentiate when to use competitive and cooperative strategies in games, sports, and other movement activities.
HPE.2.5.2.B.2	Explain the difference between offense and defense.
HPE.2.5.2.B.4	Demonstrate strategies that enable team and group members to achieve goals.
HPE.2.5.2.B.CS1	Teamwork consists of effective communication and other interactions between team members.
HPE.2.5.2.C.1	Explain what it means to demonstrate good sportsmanship.
HPE.2.5.2.C.2	Demonstrate appropriate behaviors and safety rules and explain how they contribute to moving safely during basic activities.
HPE.2.5.2.C.CS1	Practicing appropriate and safe behaviors while participating in and viewing games, sports, and other competitive events contributes to enjoyment of the event.
HPE.2.6.2.A.1	Explain the role of regular physical activity in relation to personal health.
HPE.2.6.2.A.CS1	Appropriate types and amounts of physical activity enhance personal health.

## Essential Questions

---

1. How can the game of hockey improve physical fitness?
2. How can I show good sportsmanship and teamwork in hockey?

## **Application of Knowledge and Skills...**

---

### **Students will know that...**

---

- 1. the rules of hockey.
- 2. the equipment that is used in the game of hockey, including the stick, puck or ball, and goals.
- 3. that utilizing the proper techniques for holding the stick and striking the puck or ball will lessen the chance of injury of to others.
- 4. that team play and sportsmanship are important to the success of the game.

### **Students will be able to...**

---

- A. Safely use a hockey stick to strike a ball.
- B. Demonstrate the ability to control a ball with a hockey stick.
- C. Describe the importance of making accurate passes and shots in hockey.
- D. Discuss the importance of showing good sportsmanship and teamwork.
- E. Define key terms and explain the rules of hockey.
- F. Perform various hockey skills, including dribbling, passing, shooting, defending, and trapping the ball.

### **Assessments**

---

- Hockey Pre-Assessment: Students will be pre-assessed on their ability to properly hold the hockey stick and to strike the ball. 2.5.2.A.1 2.5.2.A.4 2.5.2.C.2 2.6.2.A.2
- Hockey Skills Assessment: Using a performance rubric, students will be assessed on their ability to demonstrate passing, shooting, dribbling, and teamwork skills and on their ability to follow directions and the rules of the game. 2.5.2.A.1 2.5.2.A.4 2.5.2.B.1 2.5.2.B.2 2.5.2.B.4 2.5.2.C.1 2.5.2.C.2 2.6.2.A.2
- Hockey Unit Picture Test: Students will be assessed on hockey terms, the parts of the hockey stick, and the rules of the game using a picture test. 2.5.2.A.1 2.5.2.A.4 2.5.2.B.1 2.5.2.B.2 2.5.2.B.4 2.5.2.C.1 2.5.2.C.2 2.6.2.A.2

### **Activities**

---

- Puck Handling Drills: Students will maneuver the puck through a series of cones and then hand it off to a partner. Safety and security of the puck will be stressed.

- Dribble Obstacle Course: A course designed to have students use puck-handling skills with precision and speed. Students will be grouped according to skill level.
- Passing Drills: Student partners will pass back and forth using foam hockey sticks and pucks. As their skill level increases, they will move further away from each other.
- Shooting Practice: A variety of objects will be placed in the gym, and students will take turns shooting at them. Accuracy and sportsmanship will be stressed.
- Goal Shooting Drills: Students will practice shooting at multiple goals.
- Messy Backyard: Students will use puck-handling, passing, and shooting skills in a teamwork-oriented game.

## **Activities to Differentiate Instruction**

---

### **Differentiation for special education:**

- General modifications may include:
  - Modifications & accommodations as listed in the student's IEP
  - Assign a peer to help keep student on task
  - Modified or reduced assignments
  - Reduce length of assignment for different mode of delivery
  - Increase one-to-one time
  - Working contract between you and student at risk
  - Prioritize tasks
  - Think in concrete terms and provide hands-on-tasks
  - Position student near helping peer or have quick access to teacher
  - Anticipate where needs will be
  - Break tests down in smaller increments
- Content specific modifications may include:
  - Larger balls will be used for the less-experienced players to increase their success and ease of striking the ball with the hockey stick.
  - Students having difficulty will be encouraged to move as close as possible to the target or goal before shooting.
  - Students having difficulty will be provided with one-on-one instruction during practice and game play.

### **Differentiation for ELL's:**

- General modifications may include:
  - Integrate activities into thematic units
  - tap the student's prior knowledge and experience, which may be different from other students in the class
  - teach learning strategies and scaffold complex texts
  - organize students into a variety of learning groups
  - Collaboration with ELL Teacher
- Content specific vocabulary important for ELL students to understand include: passing, dribbling, shooting, stick, puck, goal

## **Differentiation to extend learning for gifted students may include:**

Students having difficulty will be advised to focus on either offense or defense during game play, while students who excel will be advised to play both offense and defense.

## **Integrated/Cross-Disciplinary Instruction**

---

- Mathematics connection: Students count how many goals their team has scored in a particular target, how many passes they can make before shooting, or how many balls they can steal from their opponent.

## **Resources**

---

- PEcentral.org
- Teachphysed.com
- [The Physical Educator's Big Book of Sport Lead Up Games](#) by Guy Bailey
- Teacher-created handouts and lessons
- Hockey sticks, goals, and foam pucks

## **21st Century Skills**

---

CRP.K-12.CRP2.1	Career-ready individuals readily access and use the knowledge and skills acquired through experience and education to be more productive. They make connections between abstract concepts with real-world applications, and they make correct insights about when it is appropriate to apply the use of an academic skill in a workplace situation.
CRP.K-12.CRP3.1	Career-ready individuals understand the relationship between personal health, workplace performance and personal well-being; they act on that understanding to regularly practice healthy diet, exercise and mental health activities. Career-ready individuals also take regular action to contribute to their personal financial well-being, understanding that personal financial security provides the peace of mind required to contribute more fully to their own career success.
CRP.K-12.CRP4.1	Career-ready individuals communicate thoughts, ideas, and action plans with clarity, whether using written, verbal, and/or visual methods. They communicate in the workplace with clarity and purpose to make maximum use of their own and others' time. They are excellent writers; they master conventions, word choice, and organization, and use effective tone and presentation skills to articulate ideas. They are skilled at interacting

with others; they are active listeners and speak clearly and with purpose. Career-ready individuals think about the audience for their communication and prepare accordingly to ensure the desired outcome.
