Course Overview

Within this section, use the editor area to write a brief overview of what will be covered by the overall curriculum.

For instance, "The fourth grade Writer's Workshop curriculum will enhance student understanding of. . . . " OR "The sixth grade Visual Arts curriculum will . . . " This should just give a brief introduction of what students will be learning throughout the year and maybe some insight into how the curriculum is presented. For instance, if the curriculum is more thematic than sequential, mention that. If each unit builds upon the previous unit, mention that. If the units are based on an area of the standards and each unit will be occuring simultaneously throughout the length of the course, mention that.

Again, keep it concise, but informative.
