Unit 2: Numbers 1-100

Content Area: **Spanish**
Course(s): **Generic District Course, Spanish**
Time Period: **Generic Time Period**
Length: **Weeks**
Status: **Published**

Unit Overview

In this unit, students will review and learn numbers 1-100 in Spanish. They will answer and ask basic questions using numbers vocabulary. Students will also interpret and express addition and subtraction sentences in Spanish.

Standards

WL.7.1.NM.A.1	Recognize familiar spoken or written words and phrases contained in culturally authentic materials using electronic information and other sources related to targeted themes.
WL.7.1.NM.A.5	Demonstrate comprehension of brief oral and written messages using age - and level - appropriate, culturally authentic materials on familiar topics.
WL.7.1.NM.B.4	Ask and respond to simple questions, make requests, and express preferences using memorized words and phrases.
WL.7.1.NM.B.5	Exchange information using words, phrases, and short sentences practiced in class on familiar topics or on topics studied in other content areas.
WL.7.1.NM.C.2	Imitate, recite, and/or dramatize simple poetry, rhymes, songs, and skits.
WL.7.1.NM.C.3	Copy/write words, phrases, or simple guided texts on familiar topics.

Essential Questions

How can numbers vocabulary help one with English numbers vocabulary?

How can numbers vocabulary assist one when traveling to a Spanish-speaking country?

Application of Knowledge and Skills...

Students will know that...

- es is used for = when the answer is 1 or 0

- numbers 20-100 repeat numbers 1-9: treinta y uno (31), treinta y dos (32), treinta ytres (33)
- son is used for =
- to ask how many items there are, one uses Cuántos/Cuántas (depending on the item's gender) then states the item, followed by hay (there is/there are)
- to ask how much something cost, one uses Cuánto cuesta (How much does it cost), followed by the item
- to express a mathematical equation, one uses más or y for addition and menos for subtraction
- to respond to the question of how many, one begins with hay (there is/there are) then states the amount, followed by the item
- to respond to the question of how much something costs, begin with Cuesta (It costs), then state the amount, followed by the currency

Students will be able to...

- ask and respond to basic questions using numbers, orally and written
- express and recognize numbers 1-100, orally
- interpret and write subtraction equations in Spanish

Assessments

- Customer Skit
- Diagnostic: Other written assessments
- Formative: Dramatization
- Match the number with the correct Spanish word, solve addition and subtraction equations, and respond to multiple-choice questions using numbers vocabulary.
- Numbers 1-100
- Pre-assessment
- Summative: Written Test
- Translate the Spanish words, phrases, and questions in the word splash.
- Work with a partner to develop a skit where the customer asks the cost of various items and then purchase the items. The "store clerk" assists the customer and totals the items purchased.

Activities

- play "Caramba", a game in which students count by 10's as they take turns. The person after one hundred says, "Caramba" and must sit down.
- practice interpreting Spanish numerals by playing "la loteria", in which the teacher pretends to be a radio host and names the winning numbers for the lottery. The students write the numbers
- create flashcards to help memorize numbers vocabulary
- play a Bingo review game

Activities to Differentiate Instruction

- participate in Smart Board activities
- watch a video to review numbers vocabulary
- practice vocabulary using web flashcards
- play number vocabulary games
