

# Unit 2: Skill Analysis - Grade 4

Content Area: **Physical Education**  
Course(s): **Gifted and Talented, Physical Education**  
Time Period: **One Semester**  
Length: **3rd and 4th Marking Period**  
Status: **Published**

## Unit Overview

---

The Fourth grade gifted and talented physical education students will perform a biomechanical analysis of three sports skills including: throwing a ball, kicking a ball and shooting a ball. Students will record themselves performing each of these skills. The students will watch the video and break it down into analytical mechanical descriptive steps to figure out ways they can improve their skill. The students will research successful motor skill strategies, analysis of their own personal performance, planning of a training regiment, and self-reflection. By the end of the 4<sup>th</sup> marking period the students will report their results in a presentation.

## Standards

---

HPE.2.1.4	All students will acquire health promotion concepts and skills to support a healthy, active lifestyle.
HPE.2.1.4.A.1	Explain the physical, social, emotional, and mental dimensions of personal wellness and how they interact.
HPE.2.2.4.A.1	Demonstrate effective interpersonal communication in health- and safety-related situations.
HPE.2.5.4.A.1	Explain and perform essential elements of movement skills in both isolated settings (i.e., skill practice) and applied settings (i.e., games, sports, dance, and recreational activities).
HPE.2.5.4.A.2	Use body management skills and demonstrate control when moving in relation to others, objects, and boundaries in personal and general space.
HPE.2.5.4.A.3	Explain and demonstrate movement sequences, individually and with others, in response to various tempos, rhythms, and musical styles.
HPE.2.5.4.A.4	Correct movement errors in response to feedback and explain how the change improves performance.
HPE.2.5.4.A.CS1	Understanding of fundamental concepts related to effective execution of actions provides the foundation for participation in games, sports, dance, and recreational activities.
HPE.2.5.4.A.CS2	Ongoing feedback impacts improvement and effectiveness of movement actions.
HPE.2.6.4.A.1	Determine the physical, social, emotional, and intellectual benefits of regular physical activity.
HPE.2.6.4.A.2	Participate in moderate to vigorous age-appropriate activities that address each component of health-related and skill-related fitness.
HPE.2.6.4.A.CS1	Each component of fitness contributes to personal health as well as motor skill performance.

## Essential Questions

---

- How can understanding movement concepts improve my performance?
- How can I make movement more interesting, fun, and enjoyable?
- How does my use of movement influence that of others?

### **Application of Knowledge: Students will know that...**

---

- Becoming more successful at a skills requires practice.
- Each skills can be broken down into smaller steps.
- Targeted, focused practice is more effective than simply repeating the same ineffective activities repeatedly.
- Tracking progress helps to reach goals.

### **Application of Skills: Students will be able to...**

---

- Break down skills into smaller parts.
- Develop training protocols for different skills.
- improve their fitness scores
- Research motor skills activities.
- Use constructive language when giving feedback to peers.
- Use video recordings to track their progress toward goals.

### **Assessments**

---

Students will use

Work Folders - ongoing

Chromebook videos - February

Final Report of skills- End of Second MP

## **Suggested Activities**

---

Chromebook Video

Chromebook research

Skill breakdown

Practice throwing, kicking and shooting

Presentation preparation

## **Activities to Differentiate Instruction**

---

### **Differentiation for special education:**

- General modifications may include:
  - Modifications & accommodations as listed in the student's IEP
  - Assign a peer to help keep student on task
  - Modified or reduced assignments
  - Reduce length of assignment for different mode of delivery
  - Increase one-to-one time
  - Working contract between you and student at risk
  - Prioritize tasks
  - Think in concrete terms and provide hands-on-tasks
  - Position student near helping peer or have quick access to teacher
  - Anticipate where needs will be
  - Break tests down in smaller increments
- Differentiation for special education may include: peer modeling, peer mentoring, teacher reiterate directions, skill modifications

### **Differentiation for ELL's:**

- General modifications may include:
  - Strategy groups
  - Teacher conferences
  - Graphic organizers
  - Modification plan
  - Collaboration with ELL Teacher
- General vocabulary for ELL students may include: Biometrics, cues, assessments, biomechanical analysis, modifications, performance evaluation

Differentiation for the gifted student may include: Athlete comparisons, student lead teaching, skill research and report

## **Integrated/Cross-Disciplinary Instruction**

---

Integrated instruction will include using the Chromebooks to record their scores, a notebook to write their home fitness progress, using math to read their numbers, and videos for exercising.

## **21st Century Skills**

---

CRP.K-12.CRP1.1	Career-ready individuals understand the obligations and responsibilities of being a member of a community, and they demonstrate this understanding every day through their interactions with others. They are conscientious of the impacts of their decisions on others and the environment around them. They think about the near-term and long-term consequences of their actions and seek to act in ways that contribute to the betterment of their teams, families, community and workplace. They are reliable and consistent in going beyond the minimum expectation and in participating in activities that serve the greater good.
CRP.K-12.CRP2.1	Career-ready individuals readily access and use the knowledge and skills acquired through experience and education to be more productive. They make connections between abstract concepts with real-world applications, and they make correct insights about when it is appropriate to apply the use of an academic skill in a workplace situation.
CRP.K-12.CRP3.1	Career-ready individuals understand the relationship between personal health, workplace performance and personal well-being; they act on that understanding to regularly practice healthy diet, exercise and mental health activities. Career-ready individuals also take regular action to contribute to their personal financial well-being, understanding that personal financial security provides the peace of mind required to contribute more fully to their own career success.
CRP.K-12.CRP4.1	Career-ready individuals communicate thoughts, ideas, and action plans with clarity, whether using written, verbal, and/or visual methods. They communicate in the workplace with clarity and purpose to make maximum use of their own and others' time. They are excellent writers; they master conventions, word choice, and organization, and use effective tone and presentation skills to articulate ideas. They are skilled at interacting with others; they are active listeners and speak clearly and with purpose. Career-ready individuals think about the audience for their communication and prepare accordingly to ensure the desired outcome.

CRP.K-12.CRP5.1	Career-ready individuals understand the interrelated nature of their actions and regularly make decisions that positively impact and/or mitigate negative impact on other people, organization, and the environment. They are aware of and utilize new technologies, understandings, procedures, materials, and regulations affecting the nature of their work as it relates to the impact on the social condition, the environment and the profitability of the organization.
CRP.K-12.CRP10.1	Career-ready individuals take personal ownership of their own education and career goals, and they regularly act on a plan to attain these goals. They understand their own career interests, preferences, goals, and requirements. They have perspective regarding the pathways available to them and the time, effort, experience and other requirements to pursue each, including a path of entrepreneurship. They recognize the value of each step in the education and experiential process, and they recognize that nearly all career paths require ongoing education and experience. They seek counselors, mentors, and other experts to assist in the planning and execution of career and personal goals.
CRP.K-12.CRP11.1	Career-ready individuals find and maximize the productive value of existing and new technology to accomplish workplace tasks and solve workplace problems. They are flexible and adaptive in acquiring new technology. They are proficient with ubiquitous technology applications. They understand the inherent risks-personal and organizational-of technology applications, and they take actions to prevent or mitigate these risks.
