## Unit Overview

## **Assessments**

---

### Discussion of Essential Questions

Formative: Other oral assessments

At the beginning of the unit, students will discuss in both small and large groups the essential questions and the guiding principles of the unit.

### Context Derived Vocabulary

Summative: Written Test

Students collaborate with the teacher on vocabulary lists at various stages in the unit. The teacher then publishes an official list, and students take tests requiring them to put words into sentences that show each word's correct meaning and use.

### Comprehension Quizzes

Summative: Written Test

For each type of text structure, students will read individually and answer questions that demonstrate comprehension of main idea, literary devices, vocabulary, and making inferences.

### Essay Responses to Open Ended Questions

Formative: Other written assessments

Students must respond to open-ended questions with thoughtful, thorough, elaborate essays that demonstrate basic comprehension, critical thinking, advanced writing skills, and adherence to formal writing guidelines.

### Literature Circles

Formative: Other oral assessments

Working in Literature Circles, students discuss questions, insights, and literary elements. Students use their Reading Exploration Sheets to keep track of what they wish to contribute, but they must take care that their discussion is not a mere recitation of what is on their sheets. The discussion must be dynamic and energetic.

At times, students consult each other regarding strategies for writing essays connected with the reading. This is acceptable so long as the discussion does not become little more than a Writing Workshop conference.

Some teachers may desire more structure for Literature Circles in their classes. If so, they can assign the following roles to each student: master of ceremonies, literary term wizard, vocabulary czar, summarizer, and passage picker.

### Committee Presentations

Formative: Other oral assessments

Teachers may choose to apply an enrichment component to this unit, grouping students in committees, with each committee charged with jobs like the following:

Vocabulary committee—compose, in consultation with the teacher and with suggestions from classmates, vocabulary lists and preparation sheets that will assist students in preparing for tests. The words come directly from the text that they are reading.

Literary elements committee—prepare biweekly presentations on literary devices at work in the text they are reading.

Plot and character analysis committee—prepare biweekly presentations that provide analysis of characters and plot.

Connections committee—prepare biweekly presentations that illustrate connections between the text they are reading and other content areas.

Assessment Instruments:

Students' self-assessments of their own work in committees

Teacher assessment of students' overall work in preparations and presentations

Peer assessments of committee presentations

Leveled informational texts

Leveled Selection Tests

*Reader's Notebook*, Adapted Version

*Hear It!* Audio CD

*See It!* Video DVD

Leveled Vocabulary Warm Ups

Leveled Selection Support

Leveled Skills Development

Structured activities between peers (class discussions, paired note-taking sessions) activate the social element of learning.

Discussion(auditory), notes and handouts (visual), and SmartBoard contributions (kinesthetic) allow for a variety of induction modes

Peer-review of essays, paired note-taking sessions, and Literature Circle discussions all enable students of different conceptual perspectives to combine resources.

Structured activities among peers (Literature Circles, paired note-taking sessions) activate the social element of learning.

Discussion(auditory), notes and handouts (visual), and online investigation of Internet resources (kinesthetic) allow for a variety of induction modes.

Emphasis of historical, cultural, literary, political, and social influences in a work of nonfiction will allow students' individual preferences and interests to enhance their processing of the story. Enrichment instruction on these topics may take the form of individual student investigations, committee presentations (using the Literature Symposium model), and/or supplementary lessons provided by the teacher.

### **Integrated/Cross-Disciplinary Instruction**

Students will be reading text from various aspects of nonfiction, including both science and social studies. This will allow them to realize that the skills learned in Reading can and should be transferred to other content areas.

For additional cross-curricular connections, teachers (or the Connections Committee, for teachers who set up Literature Symposium Committees) may wish to include investigations of various cross-curricular topics that come up in connection with the texts read.
