Unit Overview

Students will practice capitalization skills in a variety of contexts with an eye toward applying these skills to their writing.

Instruction and activities in this unit on sentences require high degrees of knowledge and of critical thought.

Among the differences between this unit and the corresponding unit for regular classes:

- Gifted classes naturally engage in critical thought even beyond the already high standard of regular classes, and daily classroom activities will emphasize synthesis of concepts beyond mere application and analysis (e.g., Conceive a situation in which we could coin a proper adverb, though adverbs are not conventionally proper.)
- Gifted classes include opportunities for students to engage in peer instruction, placing the teacher at times in the role of facilitator. This capitalizes on the strong intrinsic motivation of the gifted child.
- Assessments are more challenging, requiring keener analysis skills even to arrive at correct responses to objective items on quizzes and tests.

For more information, please see the *Activities* section of this unit.

Other oral assessments

The teacher may wish to assign students to groups, each of which would prepare a presentation for instruction and assessment on a topic from this unit on sentences and sentence structure.
